Durand, c.s., Under-Secretary to the Government of India in the Foreign Department, is appointed to officiate as Secretary to the Government of India in the Foreign Department, with effect from the forenoon of the 27th September 1880, during the temporary absence of Mr. A. C. Lyall, c.B., on special duty.

The following order, issued by the Government of India in the Department of Finance and Commerce, is republished for general information :—

NOTIFICATION.

Simla, the 16th October 1880.

No. 3288.—The following Rules are substituted for the Rules regarding Joining Time which were circulated in No. 90 and No. 144 G. Series of the Addenda and Corrigenda to the Codes of the Financial Department :—

RULES.

2. Only one day is allowed for joining an appointment which does not, necessarily, involve a change of residence.

[NOTE.—See Proviso VI to Rule 3.]

3. Otherwise, Joining Time is calculated as follows, excluding Sundays not actually spent in travelling :—

Six days for preparation ; and, in addition thereto,—

for the portion of the journey which the Officer travels, or might travel,— A day for each—

| | | | | | | | |
|---|-----|-----|-----|-----|-----|------------|---|
| by Railway | ... | ... | ... | ... | ... | 200 miles. | } Or any longer time actually occupied in the journey. |
| by Ocean Steamer | ... | ... | ... | ... | ... | 150 " | |
| by River Steamer | ... | ... | ... | ... | ... | 80 " | |
| by Mail Cart or other public stage conveyance drawn by horses | ... | ... | ... | ... | ... | 80 " | |
| in any other way | ... | ... | ... | ... | ... | 15 " | |

[NOTE.—An extra day is allowed for any fraction of distance over that prescribed.]

Provisos—

i.—The maximum Joining Time is Thirty Days : the following provisos are all subject to this maximum.

[NOTE.—If the Local Government is satisfied that an Officer has, through no fault of his own, been unable to avail himself of the usual mode of travelling, it may extend even the Maximum Joining Time of Thirty Days. But in that case it should report its proceedings to the Government of India in the Department of Finance.]

ii.—When part of the journey is by steamer, the days intervening between the Officer being set free from his office, or, if he has no office, receiving his orders, and the departure of the steamer, or his start duly regulated to catch the steamer, shall be added to the time calculated under Rule 3.

- iii.—By whatever route the Officer travels, his Joining Time shall, unless the Local Government specially permit otherwise, be calculated by the route which travellers habitually use.
- iv.—If the Officer satisfies his new Departmental Superior that, notwithstanding due diligence on his part, the journey has occupied altogether more time than is allowed by the Rules, the time actually occupied may be allowed.
- v.—On being satisfied that the Rules have, in any particular case, operated hardly, as for example, if an Officer has, through no default on his part, missed a steamer, or fallen sick on the journey, the Local Government may allow concessions in excess of what is admissible by the Rules, on such conditions as to allowances or otherwise as it may think fit. Such concessions must not be made as a mere indulgence or otherwise than because the Rules do not appear to provide reasonably and equitably for the case.
- vi.—The Local Government may extend the Joining Time admissible by Rule if it considers such extension necessary for the public convenience, or for the saving of public expense, as, for example, to prevent unnecessary and merely formal transfers.

[NOTE.—This Proviso applies also to Rule 2.]

- vii.—The Accountant-General, as defined in Section 84, Rule 2 of the Civil Pension Code, shall bring to the notice of the Local Government any concession made under Proviso iv which seems to him improper or unreasonable, and shall move the Local Government to report to the Government of India any concession made under Proviso v, or extension made under Proviso vi, which appears to him contrary to the spirit of those Provisos. The Local Government may not, in either case, finally overrule the Accountant-General without a reference to the Governor-General in Council.

[NOTE.—Upon the application of the Local Government, the Government of India will sanction any necessary relaxation or modification of these Rules in exceptional localities, where their general application would operate harshly.]

4. The Joining Time of an Officer whose appointment is changed while he is in transit from one appointment to another, begins on the day following that on which he receives his orders.

The following order, issued by the Government of India in the Department of Finance and Commerce, is republished for general information :—

NOTIFICATION.

Simla, the 27th October 1880.

No. 3523.

Read again—

Resolution No. 2037, dated 20th December 1879, publishing the Rules for District and Presidency Savings Banks.

Resolution No. 909, dated 20th February 1880, republishing the Rules of the 20th December 1879 as finally revised.

RESOLUTION.—In promulgating the Savings Bank rules, first published on the 20th December 1879, and revised and completed on the 20th February 1880, it was the intention of the Governor-General in Council to facilitate and encourage the deposit of savings in the Public Savings Banks. It was not the object of His Excellency in Council to compete with ordinary banks of deposit, or to attract to the public treasury deposits which would, in ordinary course, be left with such banks.

2. The balances in deposit in the Government Savings Banks of all kinds have been as follows :—

| | | | | | Rs. |
|----------------------|------|-----|-----|-----|-------------|
| On the 31st March | 1870 | ... | ... | ... | 1,01,63,000 |
| | 1871 | ... | ... | ... | 1,08,55,000 |
| | 1872 | ... | ... | ... | 1,23,68,000 |
| | 1873 | ... | ... | ... | 1,47,82,000 |
| | 1874 | ... | ... | ... | 1,78,69,000 |
| | 1875 | ... | ... | ... | 1,74,68,000 |
| | 1876 | ... | ... | ... | 1,89,54,000 |
| | 1877 | ... | ... | ... | 1,93,62,000 |
| | 1878 | ... | ... | ... | 1,92,54,000 |
| | 1879 | ... | ... | ... | 1,91,25,000 |
| On the 31st December | 1879 | ... | ... | ... | 2,04,26,000 |

3. The new Rules came into operation on the 1st January 1880, and the subsequent additions to the deposits in the Savings Banks have been as follows :—

| | | | | | | Rs. |
|----------|-----|-----|-----|-----|-----|-----------|
| January | ... | ... | ... | ... | ... | 6,15,000 |
| February | ... | ... | ... | ... | ... | 7,26,000 |
| March | ... | ... | ... | ... | ... | 8,65,000 |
| April | ... | ... | ... | ... | ... | 9,87,000 |
| May | ... | ... | ... | ... | ... | 9,58,000 |
| June | ... | ... | ... | ... | ... | 15,18,000 |
| July | ... | ... | ... | ... | ... | 17,02,000 |
| August | ... | ... | ... | ... | ... | 19,68,000 |
| Total | | | | | | 93,84,000 |

4. Thus the balances in deposit on the 31st August last had increased to Rs. 2,97,60,000. The deposits since the 31st August are not yet known.

5. It is evident that the effects of the new rules have been to stimulate deposits more than was anticipated. Moreover, it has been ascertained that many of the new depositors do not belong to a class for whom Public Savings Banks are designed.

6. The Governor-General in Council has accordingly resolved to restrict again the amount of deposits to be received on one account to Rs. 500 in one year, and to limit to Rs. 10½ the amount of monthly interest to be allowed on one account.

7. This last limitation, however, will not, till the 1st of May next, apply to depositors who are already in receipt of higher monthly interest. Without the special authority of the Comptroller-General, no depositor who is not already receiving more than Rs. 10½ monthly interest will in future receive more monthly interest than that sum; and, subject only to the special permission to the contrary of the Comptroller-General, this limit will, from the 1st May 1881, apply to all deposits, excepting only compulsory deposits in State Railway Savings Banks.

The following revised rules for Government Savings Banks are accordingly published, all previous Rules being revoked :—

I.—In these Rules—

“ Depositor,” “ Deposit,” and “ Secretary ” bear the meaning which they bear in *The Government Savings Bank Act, 1873*.

“ Account ” means the account of a depositor in a Government Savings Bank.

“ Balance ” means the balance at credit of an account.

II.—Any person may become a depositor on his own behalf, or on behalf of any other named person dependent upon him. Deposits may also be made by the managers of benevolent or other public associations, or by public officers, of money deposited with them *ex officio* as security for the discharge of any public duty or for the fidelity of any public officer, or for the accomplishment of any public object.

III.—Subject to the provisions of these rules, the Government of India guarantees the repayment of every deposit with interest.

IV.—Without the sanction of the Comptroller-General, no account will be open for less than one rupee, and no person may deposit more than five hundred rupees in all between the 1st of April in any year and the 31st March of the following year.

V.—Interest will not be allowed upon a smaller balance than 1½ rupee, or upon the excess in any balance over the highest multiple of 1½ rupee.

VI.—Interest will be allowed for each calendar month upon the minimum balance of the account between the close of the fourth day and the end of the month.

VII.—Till further notice, interest will be allowed upon deposits at the rate of one pie a month for every 1½ rupee, which is equal to one anna for every Rs. 18, or one rupee for every Rs. 288, being at the rate of Rs. 4½ per centum per annum. Without the sanction of the Comptroller-General, no higher monthly interest will be allowed upon any balance than Rs. 10½.

VIII.—On the written request of any depositor, his balance, or any part of it, will be invested by the Comptroller-General in his own name in trust for, and at the risk of, the depositor at current market rates, in stock of any loan which he may specify; if no particular loan is specified, than stock of one of the four per cent. loans will be bought; and stock or notes of any Government loan, to a moderate amount, may be received by the Comptroller-General from or on behalf of any depositor and converted into stock. The stock thus bought or received will be held by the Comptroller-General on the depositor's account, the interest thereon, less a commission of one-quarter per cent., being added to his deposit, on advice from the Comptroller-General, and entered in his deposit book the first time that it is subsequently presented. Stock held on account of a depositor will, on his written request, be sold, and the proceeds added to his deposit, or, if he desires it, will be converted into notes and delivered to him. A commission of ¼ per cent. besides the Bank's fees will, be charged upon such purchases, sales, and deliveries.

IX.—Every account will be made up on the 31st March, and the interest then due calculated under these rules, added to the balance upon which future interest will accrue. If an account is closed on any other date, interest due to the end of the preceding calendar month will be paid to the depositor: but a depositor who closes an account should not ordinarily be permitted immediately to reopen it, except on payment of a fine varying at the discretion of the Secretary from one to ten rupees.

X.—Whenever a depositor changes his residence, an account may be transferred, free of charge, to the Government Savings Bank in the district to which the depositor is removing. Without the special permission of the Comptroller an account may not be otherwise transferred from one Bank to another.

XI.—A deposit book will be supplied to each depositor in which the Secretary or, if the Savings Bank is at a public treasury, the treasury officer, will acknowledge every deposit. The personal attendance of a depositor is not required; but no deposit will be received, or payment made, without the depositor's deposit book, and the Government will not be responsible for any deposit the receipt of which is not acknowledged in a deposit book. The interest due to date will be entered in each deposit book the first time that it is produced after the 31st March. The first deposit book will be supplied free of charge; but, if a deposit book is lost or injured, or if a closed account is reopened, one rupee will be charged for a new book.

XII.—Without special permission, a Depositor may not operate upon his account more than once in thirty days, or open more than one account in his own name or in the name of any member of his family, or for his own benefit, or the benefit of any member of his family. The Comptroller-General must take precautions to prevent any transgression of this rule, and in particular, any employment of an account as an ordinary drawing account. This rule is not meant to prevent any one from opening more than one *ex-officio* or public account.

XIII.—The Secretary may refuse to open any account or may close any account, for any sufficient reason, as, for example, because he thinks that the account is likely to be used, or is being used, contrary to the object with which Government Savings Banks are established, namely, the encouragement of saving.

XIV.—When the Secretary thinks it proper to close any account, he shall give notice in writing to the depositor of such closure. After the date of such notice, no deposit shall be accepted on the account so closed, and no interest shall be allowed upon the balance of the closed account after the end of the calendar month then current.

XV.—These rules apply as well to accounts opened before as after their publication.

XVI.—The Governor-General in Council reserves the right to alter or add to these rules at any time.

XVII.—A copy of the Government Savings Banks Act, 1873, and of these rules, shall be printed in each deposit book, and the signature, or, if he cannot write, mark of the depositor, obtained to the annexed declaration before any deposit is accepted from him.

Declaration to be recorded in accordance with Rule XVII.

I acknowledge that I have read these rules (or, if he cannot read, that these rules have been read to me).

Resolution.—On the 12th April 1876, the Governor-General in Council recited, in a Resolution,* the principal documents relating to the then existing constitution of the Department of Finance and Accounts.

* No. 2148, recorded as Proceedings No. 15 of June 1876.

2. In a despatch* dated 14th April 1876, the Government of India, simultaneously, brought to the notice of Her Majesty's Secretary of State an apparent conflict between the proceedings recapitulated in that Resolution, and Acts 24 and 25 Vic., cap. LIV. under which an Accountant-General, like the other principal civil officers of the Administration, must, saving under an exceptional procedure, be a member of the Covenanted Civil Service; and made certain propositions for the remedy of this conflict.

* No. 141, recorded as Proceedings No. 16 of June 1876.

3. Subsequently, memorials were addressed to the Secretary of State by 190 members of the Bengal Covenanted Civil Service, remonstrating against the apprehended breach of the provisions of the Statute, as aforesaid.

+ Proceedings Nos. 185 and 189 of March 1879.
Proceedings No. 194 of March 1879.

4. In his despatch No. 404† dated 26th October 1876, the Secretary of State, after reviewing the whole subject, pronounced the condition of the department unsatisfactory, and wrote as follows:—

“The administrative business of finance, though intimately connected with the duties of accounting, is of a different nature, and requires very different qualifications. It is indispensable to the efficiency of a financial officer that he should have a thorough knowledge of accounts; but there is much of the work of keeping accounts that may well be performed by officers and clerks who would not be likely to become efficient financiers. If this distinction be duly recognized, it appears to me that there is no reason why an arrangement could not be made under which members of the Covenanted Civil Service should be employed in the Department of Finance and Accounts, in a manner that should secure the provision of recruits for the higher financial posts wholly from that Service, possessed of the requisite technical knowledge of accounts, while the less important but more special duties of the Account branch might be supplied by Uncovenanted Servants, many of whom should be natives of India.”

5. Owing to the conflicting interests affected by these orders, the Government of India has found it difficult to frame organic measures for carrying them into effect. But meanwhile, in making appointments to the five principal Accountant-Generalships, the Government of India has felt bound to conform in practice to the Statute.

6. In accordance with further instructions since received from the Secretary of State, and with the sanction of Her Majesty's Government, the Government of India has now resolved to re-organize the Department as follows, taking occasion to simplify its nomenclature by eliminating the titles of Deputy Accountant-General in Independent charge (for which the designation of Comptroller will be substituted), Inspector of Local Account Offices, Assistant to the Comptroller-General, Assistant to the Accountant-General, and Assistant to the Head Commissioner and Commissioners of Paper Currency.

7. Including the recently sanctioned office of Inspector of Local Fund Accounts in Bengal, and excluding the Comptroller-General's Assistant for Money Orders transferred to the Post Office, the Department now consists of 46 sanctioned appointments, besides a sanctioned staff of 14 probationers in training to fill vacancies.

8. Experience shows that the work of the Department cannot be done with less than 46 officers. But the Government of India considers that efficiency will be promoted, while, at the same time, there will be some saving of expense, by the substitution of eleven superior ministerial officers, of whom seven will be entitled Chief Clerks, for eleven of the Enrolled Officers. The present Head Assistant of the Comptroller of British Burma may, at the same time, become a Chief Clerk without change of pay. The appointment of a Chief Clerk will be gazetted, and he may sign letters or discharge any other duties assigned to him by the Head of his office.

9. The Comptroller-Generalship is not included among the existing 46 superior offices. The Government of India has now finally decided also to remove from the List of Enrolled Officers, the five Accountant-Generalships for Bengal, Madras, Bombay, the North-Western Provinces and Oudh, and the Punjab, which five offices will henceforth be treated as reserved by Statute to be filled ordinarily by members of the Covenanted Civil Service.

10. The whole Department will consist in future of the following officers:—

- 1 Comptroller-General.
- 5 Accountants-General.

30 ENROLLED OFFICERS.

- 2 Deputy Comptrollers-General.
- 1 Assistant Secretary.
- 5 Comptrollers.
- 5 Deputy Accountants-General.
- 17 Assistants Comptroller-General, Assistants Accountant-General, and Assistants Comptroller.

CHIEF CLERKS.

- 8 Chief Clerks.

11. The pay of the Comptroller-General will be, as heretofore, Rs. 3,500 a month.

The pay of the Accountants-General will be as follows:—

Two at Rs. 2,750 a month each;
Two at „ 2,500 a „ „
One at „ 2,250 a „ „

besides which, the Accountant-General actually on duty at Calcutta or Bombay will receive a local allowance of Rs. 250 a month.

Hereafter the Accountants-General for Bengal and Bombay will ordinarily receive the highest pay thus provided namely Rs. 2,750 a month, or, if acting, their salaries will, as a rule, be reckoned on that pay. But as the existing distribution of the Staff has not been made with this understanding, this particular detail cannot be completely introduced till vacancies occur.

12. The pay of the 30 officers who are to be designated “THE ENROLLED OFFICERS” will be as follows:—

| CLASS. | Number of officers. | MONTHLY PAY. | | | TOTAL MONTHLY COST. | | |
|--------|---------------------|--------------|-------------------|----------|---------------------|------------|----------|
| | | Minimum. | Yearly increment. | Maximum. | Minimum. | Increment. | Maximum. |

| III | 7 | 1,000 | 50 | 1,250 | 7,000 | 350 | 8,750 |
| IV | 8 | 800 | 40 | 1,000 | 6,400 | 320 | 8,000 |
| V | 4 | 600 | 40 | 800 | 2,400 | 160 | 3,200 |
| VI | 4 | 400 | 40 | 600 | 1,600 | 160 | 2,400 |
| | 30 | | | | 27,150 | 1,340 | 33,850 |

13. The pay of the eight CHIEF CLERKS will be as follows:—

| CLASS. | NUMBER OF OFFICERS. | MONTHLY PAY. | | | TOTAL MONTHLY COST. | | |
|--------|---------------------|--------------|-------------------|----------|---------------------|-------------------|----------|
| | | Minimum. | Yearly increment. | Maximum. | Minimum. | Yearly increment. | Maximum. |

| III | 3 | 400 | 40 | 600 | 1,200 | 120 | 1,800 |
| IV | 2 | 400 | 20 | 500 | 800 | 40 | 1,000 |
| | 8 | | | | 3,600 | 280 | 5,000 |

14. The pay and distribution of the remaining four new Superior Ministerial Officers will be as follows:—

| IN THE OFFICE OF THE— | | NUMBER OF OFFICERS. | | MONTHLY PAY. | | |
|----------------------------|-----|---------------------|--|--------------|-------------------|----------|
| | | | | Minimum. | Yearly increment. | Maximum. |

| Ditto do. Bombay | ... | 1 | | 400 | 20 | 500 |
| | | 1 | | 300 | 18 | 390 |

15. The Government of India does not bind itself to adhere precisely to any particular distribution of the Enrolled Officers and Chief Clerks; but primarily and ordinarily they will be distributed somewhat as follows:—

| IN THE OFFICES OF— | | ENROLLED OFFICERS. | | | | | | CHIEF CLERKS. | | | | TOTAL. |
|---|-----|--------------------|-----------|------------|-----------|----------|-----------|---------------|-----------|------------|-----------|--------|

| The Accountant-General, Bengal | ... | .. | 2 | .. | .. | 1 | .. | .. | 1 | .. | .. | 4 |
| Ditto, Bombay | ... | .. | 1 | .. | 2 | .. | .. | .. | 1 | .. | .. | 4 |
| Ditto, Madras | ... | .. | .. | 1 | 1 | 1 | .. | .. | .. | 1 | .. | 4 |
| Ditto, North-Western Provinces and Oudh | ... | .. | .. | .. | 1 | 1 | .. | .. | .. | 1 | .. | 4 |
| Ditto, Punjab | ... | .. | .. | .. | 1 | .. | 1 | .. | .. | 1 | .. | 3 |
| The Comptroller, Central Provinces | ... | .. | .. | 1 | .. | .. | .. | .. | .. | .. | 1 | 2 |
| Ditto, British Burma | ... | .. | .. | 1 | .. | .. | 1 | .. | .. | .. | 1 | 3 |
| Ditto, Assam | ... | .. | .. | .. | 1 | .. | .. | .. | .. | .. | .. | 1 |

| | | 9 | 5 | 7 | 8 | 4 | 4 | 1 | 2 | 2 | 2 | 28 |

25. Excluding Probationers, the Enrolled Officers and the Chief Clerks together will eventually number 38, or together with the four other new ministerial officers described in paragraph 14, 42. No new Chief Clerk or ministerial officer must be appointed substantively, in accordance with paragraphs 13 and 14 of this Resolution, until the number of Enrolled Officers, including the present Probationers, and including also the Chief Clerk of the Comptroller of British Burma, falls below 42. As soon as that happens, the total number of Enrolled Officers and Chief Clerks may, including the other four new superior Ministerial appointments, be kept up to 42 by the gradual appointment of eleven substantive Chief Clerks and new Ministerial Officers, as authorized in paragraphs 13 and 14. At present, excluding three officers, Messrs. FitzGerald, Hart, and Chapman, who are seconded, there are 45 Enrolled Officers.

26. No officer may be appointed to act as Chief Clerk, or in the other four new Ministerial appointments, while there are 41 Enrolled Officers present on duty. There are now 38 officers so present. Three acting Chief Clerks may therefore be appointed, and Messrs. Priyamath Datta, Harish Chandra Mittra, and C. Hall are so acting.

27. In future no acting promotion will be given in the Financial Department in consequence of the absence of an officer on privilege leave, unless an officer is transferred from another station to fill the place of another officer, or required to perform decidedly more responsible and onerous duties.

28. The new organization will take effect from the 8th August 1880, being the date on which the Secretary of State's despatch No. 233, dated 15th July, was received by the Government of India. If the substantive pay of any Enrolled Officer is increased by the new scale, his next increment will be due on the 1st September 1881.

ORDERED, that this Resolution be published in the *Gazette of India*, and communicated for information and guidance to the Comptroller-General and to each Accountant-General and Deputy Accountant-General in independent charge.

Ordered also that this Resolution be communicated to the several Local Governments.

The 13th November 1880.

No. 3646.—*Resolution.*—The Presidency Municipalities, the Trusters of the Port of Bombay, and the Commissioners for making Improvements in the Port of Calcutta, are empowered, by the Enactments constituting or incorporating them, to borrow money for certain purposes by way of Debenture, on the security of the Rates, Taxes or Dues which they are authorized to levy or impose.

2. Under the Local Authorities Loan Act, other Bodies Corporate and Municipalities may also be authorized to borrow money upon the security of the Funds which they administer or the Taxes which they levy.

3. The Bonds or Debentures issued by all these Bodies, and Coupons issued with such Debentures, are, in the absence of any special exemption, chargeable with Stamp Duty at the rate of about half per cent.

4. The question whether Stamp Duty is chargeable on the renewal and sub-division of such Debentures is open to argument; but whether Stamp Duty is chargeable in such cases or not, the interests of the Stamp Revenue necessitate the attendance of the parties at the office of the Collector of Stamp Revenue, in order to the stamping (without charge) of the new Debentures. The Government of India is not willing to relieve such Debentures altogether from the payment of Stamp Duty; but it is prepared to exempt Coupons issued with them from the separate payment of duty, and is anxious to remove, as far as is compatible with the due protection of the Stamp Revenue, the inconvenience occasioned to the Debenture-holders by the necessity for attendance at the Stamp Office on each case of renewal or sub-division.

5. His Honor the President in Council thinks that these objects may be attained if the abovementioned Bodies Corporate are willing, on the issue of any Debentures, to compound for the Stamp Duty chargeable thereon by the payment in a lump sum of half per cent. on the total amount of the Loan. There is no special provision in the law authorizing such a composition; but, on payment by any of the Corporate Bodies referred to, under such a composition, the Government of India will exempt the Debentures from any Stamp Duty with which they might otherwise be chargeable whether on issue, renewal, or sub-division.

6. The payments made under such compositions will be credited to Stamp Revenue.

No. 3715.—In exercise of the powers conferred by section 8 of the Indian Stamp Act, 1879, and in continuation of the Notification in the Department of Finance dated 14th August 1880, the President in Council has exempted from stamp duty all agreements with Railway Companies or Administrations which purport to limit the obligations or responsibilities of such Railway Companies or Administrations as carriers under the Indian Contract Act, 1872, sections 161 and 161, and are in a form approved by the Governor-General in Council under section 10 of the Indian Railway Act, 1879.

No. 3707.—In exercise of the powers conferred by section 23 of the Sea Customs Act, 1878, the President in Council has exempted the following articles from the duties to which they are liable under Items 24 and 51 of Schedule A of the Indian Tariff Act of 1875:—

Gum Arabic.
 „ Benjamin.
 „ Olibanum or Frankincense.
 Mother-o'-pearl.
 Tortoise shell.

The reason of this exemption is that the said articles are for the most part re-exported.

(e) The Examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the differential and integral calculus, including the lower portions of applied Mathematics.

(f) The standard of marking in Sanskrit and Arabic will be determined with reference to a high degree of proficiency, such as may be expected to be reached by a Native of good education.

(5.) *All Selected Candidates will be required, after having passed the first periodical Examination, and before receiving the first instalment of their allowance, to attend at the India Office for the purpose of entering into an agreement binding themselves, amongst other things, to refund in certain cases the amount of their allowance in the event of their failing to proceed to India. A surety will be required.*

(6.) *After passing the Final Examination, each Candidate will be required to attend again at the India Office, with the view of entering into covenants. The stamps payable on these documents amount to £1.*

Notice to the Public.

WITH effect from the 1st August 1880, the rates of commission charged on the realization of the value of parcels and registered book packets sent under the "value-payable" system will be reduced to half what they now are and thereby assimilated to the rates of commission charged on the issue of money orders. The new rates will be as follows:—

| | Rs. | A. |
|----------------------------------|-----|----|
| On sums not exceeding Rs. 10 ... | 0 | 2 |
| " " " 25 ... | 0 | 4 |
| " " " 50 ... | 0 | 8 |
| " " " 75 ... | 0 | 12 |
| " " " 100 ... | 1 | 0 |
| " " " 125 ... | 1 | 4 |
| " " " 150 ... | 1 | 8 |

and 4 annas for every additional Rs 25 or fraction thereof.

The value of the contents of a value-payable article will be limited to Rs. 600.

Value-payable articles may be addressed only to post offices, which are money order offices; and they may be posted only in post offices which are money order offices. The former restriction limiting the posting of value-payable articles in disbursing post offices is superseded.

The amounts realized from the addressees of value-payable articles less the commission chargeable thereon, will be paid to the senders by means of money orders.

When a value-payable article is presented at a post office, it must be accompanied by a memorandum prepared by the sender in the prescribed form, printed copies of which may be obtained from the post offices on application.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 123.

The 12th July 1880.

UNDER section 89 of Act X (B.C.) of 1871, the following annual accounts and reports of the District Road Committees of Chittagong and Noakholly, and of the Deputy Commissioner of the Chittagong Hill Tracts, of works done and in progress during the past cess year 1878-79, together with the remarks thereon of the Commissioner of Chittagong Division, are published for general information.

T. H. WICKES,

*Asst. Secy. to the Govt. of Bengal,
in the P. W. Dept.*

No. 51L, dated Chittagong, the 30th January 1880.

From—H. J. S. Corron, Esq., Chairman of the District Road Committee,
Chittagong,

To—The Commissioner of the Chittagong Division.

I HAVE the honor to submit the following report and annexed accounts on the working of the Chittagong District Road Committee for the cess year 1878-79, ending with 30th September 1879.

The Committee consisted of 17 members, of whom five were officials and the rest non-officials. The total number of meetings held during the year was seven.

There is no Sub-Committee in any part of the district. The supervision of the road works in the Cox's Bazar sub-division is carried out by the District Committee.

Mr. G. M. Currie was Chairman of the Road Cess Committee up to the 28th November 1878; I was Chairman from that date up to the 5th September 1879; and Mr. A. H. Haggard was Chairman during the remainder of the year.

The following officers held the office of Vice-Chairman during the year:—

Mr. Fasson from October to 10th December 1878;

Mr. Bolton from 11th December 1878 to 25th January 1879;

Mr. Savage from 26th February 1879 to 22nd June 1879; and

Mr. Fasson again from 24th June to the end of the year.

During the intervals, when there was no Vice-Chairman, the duties were discharged by the Chairman.

Under sections 49 and 50 of Act X of 1871, the following gentlemen were appointed members of the Committee towards the close of the year :—

| | | |
|------------------------|-----|--|
| Alfred Dowling Esq. | ... | Proprietor of the Agonea Tea Estate. |
| A. Brownlow, Esq. | ... | Manager and part proprietor of the Futtickcherry Tea Estate. |
| Baboo Durga Das Das | ... | Pleader. |
| „ Chaitunyo Churn Dutt | ... | Ditto. |
| „ Nittya Nundo Roy | ... | Merchant and Zemindar. |
| „ Kailas Chunder Das | ... | Manager under the Court of Wards. |

A statement in the prescribed form is annexed, giving the names of the members of the Committee and the number of meetings attended by each. The average number of members attending each meeting was seven, a circumstance plainly shewing the general interest taken in the proceedings of the Committee. At the meeting held towards the close of the year, to consider the budget and determine the rate of cess to be fixed for the ensuing year, no less than 15 members out of 17 were present. At all meetings I have derived great assistance from the members of the Committee, and especially from Mr. Campbell, Baboo Khetter Mohun Bose, the Executive Engineer, and Baboo Lall Chand Chowdrie. There is no question of the utility of the Committee as at present organized in this district.

The following table will show the receipts of the Road Cess Fund during the year under the several heads :—

| | | Estimated amount. | Actual amount. | | |
|-----|--|-------------------|----------------|----|-----|
| | | Rs. | Rs. | A. | P. |
| (a) | Cess on lands | 89,000 | 97,982 | 8 | 4½ |
| | Cess on houses | 420 | 79 | 3 | 10½ |
| | One per cent road cess | 200 | 422 | 10 | 4 |
| (b) | Canal tolls | 6,844 | 5,245 | 2 | 6 |
| (c) | Grant-in-aid from Provincial Services | | 5,810 | 5 | 1 |
| | Grant-in-aid from Government on account of Public Works Cess establishment | | 4,800 | 0 | 0 |
| (d) | Contribution from Khas Mehal Fund | 1,283 | | | |
| (e) | Process fees for recovery of road cess arrears | 800 | 2,456 | 12 | 6 |
| (f) | Sales of produce and stores | | 4 | 5 | 0 |
| | Total | 97,497 | 1,16,750 | 15 | 7½ |

The financial result of the year is therefore satisfactory, the receipts exceeding the estimate in almost all items of the budget.

(a.)—In regard to the cess on land, the realizations of the previous year had been very indifferent, and the excess over the estimate is to be attributed to the recovery of large arrears. There is still great difficulty in realizations, but some method has now been introduced, and by the assiduous exertions of the collecting establishment, matters have been placed on a somewhat better footing. The Committee are indebted to the Road Cess Deputy Collector for this result.

(b.)—The falling off under canal tolls is due to special circumstances. The collection of these tolls was formerly farmed out to the highest bidder, and the estimate was prepared in accordance with the amount of rent settled at the auction sales. But the farmers defaulted to a large extent, and early in the year it was found necessary to bring the canals under khas management. The truth is that the bids were higher than was warranted, and the estimate based upon them was therefore excessive. This subject will be again alluded to later on in this report.

(c.)—The grant-in-aid from Provincial Fund of Rs. 5,810 is a mere refund of road cess money spent on the Jaldi road in the previous year 1877-78, and recovered from the sum of Rs. 15,000 sanctioned by His Honor the Lieutenant-Governor of Bengal on account of relief measures in that part of the district. The grant from Government on account of Public Works Cess establishment was sanctioned during the year, and therefore could not be shown in the budget estimate.

(d.)—As sanction to the Khas Mehal budget was not received during the year under report, the sum allotted in the budget as a contribution from this fund could not be realized. It will be credited during the current year.

(c.)—The increase under the head of process fees is due to the fact that the salary of temporary peons employed for recovery of road cess has been recovered from the parties and credited to the fund. This is a mere refund of attachment charges, and *per contra* a part of the increased expenditure under "General management" is attributable to this extraordinary charge.

The following statement shows the expenditure incurred during the year :—

| | | Estimated amount. | Actual amount. | | |
|-------------------------------------|---------------------------|----------------------|-------------------|----------|----------|
| | | Rs. | Rs. | A. | P. |
| (a) | General management ... | 13,492 | 16,488 | 7 | 4 |
| (b) | Toll collection—canal ... | | 1,668 | 4 | 7 |
| (c) | Staging bungalows ... | | | | |
| Public Works.—Original works | | 14,330 | 4,889 | 7 | 11 |
| | Repairs | 24,850 | 16,426 | 7 | 5 |
| | Establishment | 10,988 | 5,477 | 14 | 8 |
| | Tools and plant | 200 | 484 | 8 | 0 |
| Total | | 63,860 | 45,385 | 1 | 6 |

It was necessary for the Committee to act during the past year with the most studied regard to economy. The year began with a deficit balance of Rs. 37,007, and it was the first charge upon the funds of the Committee to pay off this debt to Government. Not only has this debt been discharged, but the year closed with a credit balance of Rs. 23,099.

The Committee were of opinion that it was essential to place their affairs upon a sound financial footing, and that until this was done expenditure in all departments should be curtailed as far as possible. They have been successful in their object, and this fact affords a satisfactory explanation of the comparatively small sum expended during the year on account of public works.

(a.)—The increase of expenditure on "General management" is due to the salary of temporary peons and other charges incurred for recovery of road cess arrears. These charges have been recovered from the parties in the shape of process fees and credited to the fund as explained above. The cost of printed books and forms supplied by private presses was also very high, and this is another cause of the excess expenditure over the budget estimate. But under any circumstances the total expenditure is large and must always continue to be so in a district where the estates are almost innumerable and exceedingly small and divided amongst many shareholders. The establishment is kept as low as possible, and it would be false economy to reduce it so as to in any way impair its efficiency.

(b.)—The cost of collecting canal tolls is a new charge. Before November 1878, the line of canals through the Banscolly and Puttee thanas, which are in fact one of the most important lines of communication in the district, were under the management of the Magistrate. They were then transferred to the Committee, and the old procedure of letting them out in farm was continued; the rents, however, were not realized with regularity, and an adjustment of accounts showed that, on the 1st January 1879, there was still outstanding a total of Rs. 5,728 on account of the arrears of the previous year. Notice was then given to the farmers to pay up the arrears within a certain time, and they were informed that, if they did not do so, their leases would be cancelled and the canals held direct. As they failed to pay, the canals were taken by the Committee under khas management from the 1st February, and were so managed during the remainder of the year. This change, in the opinion of the Committee, has worked satisfactorily; the financial results are better than they were under the old system, and there is less oppression. Civil suits were instituted against the defaulting farmers, and after some trouble decrees were obtained; but it is not expected that more than half of the amount of the decrees will be realized.

Owing to the convergent action of the tides, these canals, especially the sections known under the names of Boalkhally and Banscolly, have a constant tendency to silt up, and large sums have to be periodically spent to make them navigable for traffic. The silt accumulates at the place where the tides meet. Various schemes have been proposed, and some attempted in order to facilitate a stronger current of water in one direction, but without much success at present. This is one of the most important matters to which the District Engineer, who has recently joined, will have to turn his attention.

The Moheskhal canal, which was before under the control of the Conservator of the Port, was transferred to the charge of the Committee in July 1879, and the proceeds are now credited to the Road Fund. If any opinion may be formed from the receipts of this canal during the past six months, its maintenance will prove the reverse of profitable to the Committee.

The following is a brief account of works executed on the different roads and canals of the district during the year.

Arracan Road.—This road has received surface repairs from the south bank of the river Karnafuli to 39th mile, the bridges have been repaired to 31st mile, and a new wooden bridge, No. 38, of 42 feet span, has been constructed. The whole line of this road, a distance of 22½ miles between Padua village and the south bank of the Karnafuli, is in good condition. Beyond Padua up to Chunati the road is a fragment merely of magnificent embankments. It is repeatedly intersected by khalls and unbridged all along. The Committee are sensible of the importance of completing this road, and during the present season two new bridges will be constructed.

A diam 72 feet long has been placed on the side of this road at 12th mile for protection of the road from the sudden floods which come down from the adjacent hills during the rains in almost irresistible force.

One hundred and seventy-one temporary bamboo bridges, aggregating 7,722 feet in length, have been put up between Satkania and Teknaf and from Ramco to Gurjonia. The jungle has also been cleared from the sides of the road where it passes through these hilly tracts.

The road has been raised on the 9th, 11th and 12th miles.

Ramghur Road.—This road runs from the northern boundary of Chittagong Municipality towards Ramghur. A length of 28½ miles of this road has been completed. It has received surface repairs throughout this length, and urgent repairs were also given to 12 bridges which were much dilapidated. The unusually heavy rains in June breached this road badly about the 22nd mile, and for some time it was impossible to accord even temporary repairs. The necessary steps are now being taken. New bridges on the 15th and 17th miles will be constructed during this cold weather.

Hill Tracts Road.—This road joins the Ramghur road a little north of Hathazari and goes in the direction of Raojan. It is an exceedingly fine embankment, but unbridged. Surface repairs were given and 30 temporary foot bridges were put up to make the road passable for dak-runners and foot passengers.

Moiskhali Strand Road.—This road connects the western boundary of the municipality with the village of Halishahur. It received surface repairs throughout its whole length, and bridges Nos. 1 and 2 received thorough repairs.

There is some anxiety about a portion of this road being washed away by the Karnafuli river, and it was found necessary to guard against this by banking the river with stone ballast. This is another matter demanding the District Engineer's particular attention.

Chandpore Road.—This road has been repaired between Sadonpore and the south bank of the river Karnafuli, a distance of 16½ miles, and wooden bridges thereon, Nos. 3, 4, 5, 6, 7, 8, 13, 14, 15, 16, 17, 19, 20 and 21, have been constructed. Twelve bamboo bridges five feet wide have been erected between the south bank of the Sungoo river and Banigram. This road is very narrow and winding. It has been proposed to straighten it between the first and seventh miles, and perhaps in other places, and when funds are available they might very profitably be expended in the improvements of this useful road. At present, though passable, it is one of the worst constructed roads in the district.

Sakerapole Road.—This road proceeds from Puttea police station on the Arracan road to the bank of Hargys nullah, a distance of 4½ miles, and was repaired all along. Wooden wing walls to the ends of bridges Nos. 3, 4, and 7 have been constructed, and two old timber bridges repaired. The road is in fair condition and passable for carts.

The branch Sakerapole road in connection with the Dhalghat road has been thoroughly repaired and a timber bridge erected; it is a very useful little branch and much appreciated by the people of the neighbourhood, but properly it should be classed among village roads.

Dhalghat Road.—This road has been repaired from the junction of the Sakerapole road to the south bank of Kaicha or Karnafuli, a distance of 6½ miles, and four bamboo bridges have been put up. The road is in fair condition, but it is too narrow for carts.

Ramoo Road.—This road has received surface repairs between Cox's Bazar and Ramoo. Six wooden bridges have been repaired, and a new wooden bridge of 30 feet span has been constructed on the 18th mile. The road is in tolerable condition.

Kalurghat Road.—This road runs from the Bakolia road to the east bank of Karnafuli, over a length of six miles. Surface repairs and urgent repairs to seven bridges have been carried out. It is very muddy and impassable during the rains and requires to be raised.

Narirabad Road.—This road begins from the western boundary of the municipality and meets the Ramghur road near Setalgharna Surra. Surface repairs have been done. Two bridges with masonry abutments and wooden platforms have also been constructed.

Robertjunge Road.—This road runs from the Trunk Road to the bank of Fenny river. It has received surface repairs, and five bamboo platforms have been given.

Poroikora Road.—This road runs from the north bank of the Murali nullah to the third mile of the Chandpore road, a distance of 5½ miles. It has received necessary repairs. The road with its bridges is in fair condition.

Mahajan's Hat Road.—This road has received surface repairs and two bamboo platforms have been put up. It is passable for carts.

Rangonea Road.—This road runs from the bank of Issamutty to Rancee's Hât. Petty repairs to surface over four miles have been executed. Three foot bridges were put up.

Anwarah Road.—This road branches off from the 10th mile of Chandpore road to the Anwarah butpost and Anwarah village. It has received surface repairs, and two of its wooden bridges have been repaired. The state of the road is tolerable.

Meeta Serra Road.—This road branches off from the old Arracan road close to the tea factory, one mile in length, and goes towards Meeta Serra village. It has received surface repairs.

Tipperah Pass, Haliahahur, and Bakolia Roads.—These three roads are near the station. They have received surface repairs.

Fenewa Road.—This road runs from Beebi's Hât on the Ramghur road to the Halda Valley Tea Estate. Surface repairs have been carried out and petty repairs to some of the bridges. A large bridge has been constructed over the Lelang Surra by the Manager of Fenewa Tea Estate.

Jaldi Road.—This road was commenced last year as a famine relief, and as far as it has gone is the best laid out road in the district. No new earthwork was done during the year, but now that funds are available it will be again taken up. Twenty-eight temporary bamboo foot bridges were put up for the use of the dâk runners and other foot traffic.

Boalkhali Towing Paths.—These paths have received thorough repairs, and wooden bridges Nos. 1, 4, and 5 have been repaired. The present condition of these paths is very satisfactory.

Boalkhali Canal.—The silt from this canal was cleared out from the junction of Chandkhali to the east of the mouth of the Kumarkhal, 2½ miles in length, and the canal is now in a satisfactory state, being navigable during the whole season.

Village Roads.—A sum of Rs. 4,000 was sanctioned on account of the village roads during the year and was well spent. The Committee are anxious to spend more money on village roads. This is the most popular and by no means the least useful manner of expending the road cess funds, and the villagers of Chittagong are very eager to derive their full benefit from the cess in

2. Seokacoud.
3. Sonahora.
4. Aronea village road.

this respect. More money would have been spent on these roads last year if it had been available. During the current year a sum of Rs. 7,000 has been sanctioned for village roads, and there is no doubt that the whole of it will be utilized. The village roads of this district are, however, exceedingly bad, and require much more money to be spent on them than the funds of the road cess will ever be able to afford.

Establishment.—The saving under this head is concurrent with the saving effected under Public Works.

The newly appointed District Engineer, Baboo Nitye Gobind Chowdry, did not join his appointment till after the close of the year. The officer primarily responsible for carrying out the road works during the year was supervisor Baboo Mohes Chundra Goho, who for many years has been in charge of the Road Department. He is an invaluable officer of great energy and experience, and the Committee are glad to record their appreciation of his services during the past year. Overseer Okhil Chunder Sen has given satisfaction. The Committee also desire to notice the good work done by Baboo Prosanna Coomar Chowdry their head clerk and accountant.

A. MANSON,

Chairman, District Road Committee.

No. 112RCC, dated Noakholly, the 14th January 1880.

From—W. FIDDIAN, Esq., Chairman, District Road Cess Committee, Noakholly,
To—The Commissioner of the Chittagong Division.

I HAVE the honor to submit the annual accounts and the administration report of the local works undertaken by the District Road Cess Committee during the year 1878-79.

2. Mr. A. Manson was Chairman for the first six months of the year and myself for the remainder.

3. On the transfer of Baboo Bagola Prosanna Mozumdar, Vice-Chairman, to Tipperah on promotion in February 1879, the Vice-Chairmanship remained vacant until the end of April. The Road Cess Deputy Collector who was then appointed fell sick and had to leave the district in July, Mr. Sandys taking his place as Vice-Chairman in September. During these successive vacancies, the filling up of which was a matter of difficulty, the work of both appointments had to be done by the Chairman.

4. During the year eleven meetings of the Committee were convened, but at four of these no business was transacted for want of a quorum, owing partly to the large number of mofussil members who rarely attend, and partly to the unusual sickness of the rainy season. The following is a list of the members who attended six or more meetings:—

| | | | | |
|---|-----|-----|-----|----|
| The Chairman | ... | ... | ... | 10 |
| Baboo Adyait Charan Datta, Government Pleader | ... | ... | ... | 8 |
| " Raj Kumar Rai | ... | ... | ... | 7 |
| The District Superintendent of Police | ... | ... | ... | 6 |
| Baboo Tarini Prosad Sen, Naib of Bhullooah Estate | ... | ... | ... | 6 |

Four members, including the Executive Engineer, whose head-quarters are at Chittagong, did not attend a single meeting. The number of mofussil members has been reduced and a corresponding increase made of town members, so as to give the Committee a better working proportion.

5. The native members, with one or two exceptions, take little interest and afford but little aid in the management of road cess affairs, although they value the honour of belonging to the Committee.

6. The provisions of section 57 were duly observed in issuing notices of the Committee meetings. The proceedings of every meeting have been regularly entered in a minute book under section 61 of the Road Cess Act since the formation of the Committee. No land proprietor has taken the trouble to inspect the book.

7. The Road Cess Act has worked satisfactorily on the whole. There has been a difficulty in the way of securing prompt collections of the road cess dues for want of a sufficiently stringent procedure, but this defect will be remedied under the new Act.

8. The annual accounts were examined and passed by a sub-committee, as required under section 88 of the Act.

9. The following works were executed during the year:—

| ORIGINAL WORKS. | | Rs. As. P. | | |
|--|-----|------------|----|---|
| 1.—Surveying Chagulnya road | ... | 500 | 9 | 9 |

A lump sum of Rs 5,100 has been budgeted for village communications of the district.

12. There is a Branch Road Cess Committee at the Penny river sub-division which held five sittings during the year. The Chairman takes an active interest in the matter of village communications, and in that department the Branch Committee will probably be of considerable service.

13. The proposed scheme of planting fruit trees along the edges of the roads has not as yet made any progress. The district being low and submerged in water for several months in the year, trees in general, and more especially fruit trees, are grown with difficulty and require high ground. The roads are not, as a rule, wide enough to admit of trees being planted at the edge. An attempt may be made during the coming season.

14. The people thoroughly appreciate the value of village roads, and are not slow in petitioning for their construction or development, but are often unwilling to give up the small amount of land which is required for the purpose. Satisfactory progress has, however, been made in the utilisation and improvement of village roads already in existence. There were many applications by cultivators for drains to drain their fields, but these could not of course be complied with.

15. The following roads which lie within the municipality at the head-quarters have been taken over by the Committee under Government orders during the year, as they really formed the terminations of district roads and required to be kept in good order, while the funds at the disposal of the municipality were extremely limited :—

| | |
|---------------------------------|--------------------|
| Gateway road | Kalitara road. |
| Bara Bazar road. | Bruce's Tank road. |
| Taltolly road, in two sections. | Dewanpara road. |

The Deputy Examiner, Mr. Wilson, made an examination of accounts on the 23rd August last, and the instructions given by him will be carefully attended to.

GENERAL REMARKS.

16. The condition of the principal roads has been considerably improved during the year, and the district is now very fairly off in that respect. There is still, however, much to be done in the district in the matter of bridges, many of which are in a dilapidated state, and should be repaired or replaced by better structures. A large new bridge is to be built on the Chittagong road to span the Dhumchur khali. The Government has referred to the desirability of improving the water communications of the district by deepening khalls, &c., and during the past year the Noakholly river or khali has been carefully surveyed with a view to opening out an important route to Tipperah, and a considerable sum of money reserved for the purpose. The scheme will shortly be submitted to the higher authorities for approval.

17. The offices of the Committee and of the District Engineer have had inadequate accommodation hitherto in a small hired bungalow. The execution of a new pukka building, at a cost of Rs. 10,000, has been sanctioned, and will be undertaken during the coming year.

REMARKS ON OFFICERS.

Account Branch.

18. The clerks in the Account Department have continued to do their work satisfactorily, and the state of the office at the time of inspection by Mr. Wilson was found to be good. The head clerk, Baboo Tarak Nath Sen, is a steady and capable subordinate.

EXECUTIVE DEPARTMENT.

19. The District Engineer has worked diligently during the year and in a more regular system than was in operation before, and the condition of the roads has improved considerably. On the whole he deserves credit for his work.

20. There was some difficulty in keeping up the establishment subordinate to the District Engineer, and inconvenience resulted. Of the two Overseers, one fell ill and resigned, and the other, Baboo Bishun Charan Biswas, had to be suspended by the Committee for some irregularities in reference to his work.

Mr. D. E. Ferrault, Assistant Overseer, is favourably reported on by the District Engineer. He had a considerable number of roads to look after and seems to work hard.

Baboo Mohim Chunder Ghosh, the head clerk and accountant in the District Engineer's office, who has now returned to his permanent appointment in the Magistrate's office, has done his work quietly and well, and Mr. Andrews, who takes his place, is also well spoken of.

EXPLANATION.

There will appear a difference of Rs. 209-3 between the establishment under the committee's control and that of works when compared with the quarterly returns. This is owing to the amount being shown in the first quarterly return during the month of December 1878 under the head of "working establishment" instead of "establishment under committee's control."

E. F. SANDYS,

Vice-Chairman, Road Cess Committee.

No. 161R, dated Rungamatti, the 6th November 1879.

From—CAPTAIN A. E. GORDON, Offg. Deputy Commissioner, Rungamatti,
To—The Commissioner of the Chittagong Division.

I HAVE the honor to submit the District Road Fund annual accounts for the cess year commencing from 1st October 1878 and closing with 30th September 1879. The following is an abstract of the transaction during the above period :—

| | Rs. | A. | P. |
|--|--------|----|----|
| Balance in hand on the 1st October 1878 ... | 18,519 | 4 | 3 |
| Expenditure from 1st October 1878 to 30th September 1879 ... | 7,562 | 14 | 3 |
| Balance available on the 1st October 1879 ... | 5,956 | 6 | 0 |

2. The grant-in-aid from Provincial Reserve Fund for 1878-79 was drawn from the treasury in 1877-78, and advanced to hillmen who were suffering from distress. This timely aid not only enabled them to harvest their "jhoom" crop, but they were able to repay the loan and secure a better crop during 1878-79 than they had enjoyed for years past.

3. The Road Cess Act (X of 1871) has not been introduced in this district, there being no property taxable, hence there has been no need of a Sudder or Branch Committee. The works are executed under the guidance of the Deputy Commissioner and his assistants after they are approved by the Commissioner of Chittagong. In important works the opinion of the Executive Engineer of Chittagong is sought and obtained.

4. The works enumerated below were executed during the period under review. About one-quarter mile of road on the west of Manickcherry hill was improved by cutting and removing *débris* which had fallen on the road during the rainy season. On this road 90,000 cubic feet of hard sandstone were cut and removed, and its width has been enlarged from three to five feet at a cost of Rs. 525.

On the above road 102 temporary bridges were constructed, each measuring about 35 feet in length and six feet in breadth, at a cost of Rs. 1,108-10.

At the head-quarter station of Rungamatti about 300 yards of road were improved by cutting and removing 15,000 cubic feet of earth which had accumulated on the road during the rainy season at a cost of Rs. 70.

Two roads—one from Manickcherry to Ramghur, about 21 miles in length, and the other from Mohalsurri to Kunchunnagore, about 32 miles in length—were constructed by cutting and removing jungle and undergrowth of trees. The cost of making the former amounted to Rs. 1,050, and of the latter to Rs. 1,615-3-3.

At Ruma, the head-quarter station of the Sungoo sub-division, two embankments were made for roads and for preserving water during the dry season for the use of the men of the frontier police. Jungle all over the station was cleared for roadways at a cost of Rs. 935-13-3.

5. The following repairs were executed by cutting and removing jungle, undergrowth of trees, and brushwood from the roadways :—

Twenty-four miles of road from Rungamatti to Raojan, at a cost of Rs. 408.

Twenty miles of road from Chandergona to Banderbun, at a cost of Rs. 507-12.

Three miles of road from Chandergona towards Rungamatti, at a cost of Rs. 50.

Twelve miles of road from Ruma to Politye, at a cost of Rs. 67-10-8.

Ten miles of road from Banderbun to Dohasary, at a cost of Rs. 150.

On the road from Rungamatti to Chittagong gaps were filled up and *débris* removed at a cost of Rs. 180, and jarul timber to the value of Rs. 50 purchased for repairing the wooden bridge at Rungamatti.

6. The establishment which was entertained during the year consisted of a mohurrir, one temporary overseer, and one sirdar; Mr. A. DeRozario, Inspector of Police, drawing a special allowance of Rs. 50 per mensem for supervising all out-door works. The total cost of the establishment amounted to Rs. 585-1-6.

7. The sum of Rs. 58-4 were paid for the price of forms and printing charges. Rs. 206-8 were spent for new tools and repairs of old ones.

8. The execution of the following works have been proposed at a cost of Rs. 15,500 in the budget estimate for 1879-80, and the amount will be devoted as follows :—

| | Rs. | A. | P. |
|-------------------------------|--------|----|----|
| To original works ... | 5,418 | 12 | 0 |
| „ repairs and maintenance ... | 8,560 | 0 | 0 |
| „ establishment ... | 1,059 | 0 | 0 |
| „ tools and plant ... | 162 | 4 | 0 |
| „ contingencies ... | 300 | 0 | 0 |
| Total ... | 15,500 | 0 | 0 |

Cutting down and lowering the top of Manickcherry hill by excavating and removing 80,000 cubic feet of hard sandstone; constructing half mile of wheeled cart road on the west of Manickcherry hill by cutting and removing 450,000 cubic feet of rocky sides of hills.

Constructing a dam at the head-quarter station of Rungamatti for a roadway by raising an embankment and filling up the dam with 150,000 cubic feet of earth.

Raising an embankment on the banks of the river for a roadway with 120,000 cubic feet of stone; constructing 11 miles of road from Ruma towards Banderbun by cutting and removing jungle.

9. The following repairs will also be executed :—

Three miles of road from Chandergonah towards Rungamatti.

Four miles of road from Dewan's keel towards Raojan.

Ten miles of road from Banderbun to Dohasary.

Twenty-four miles of road from Rungamatti to Raojan in Chittagong, three wells, one revetment and one wooden bridge at Rungamatti, two-and-a-half miles of road, and 18 bridges on the road from Feskichera to Beerkul.

Twenty miles of road from Chandergona to Banderbun.

Forty-six miles of road from Banderbun to Ruma.

One mile of rapids at Uttan-Chuttra river, Kurnafuolee.

Twelve miles of road from Ruma to Pyramid hill.

Two-and-a-half miles of village road from Rungamatti to Singi nullah.

Two miles of village road from Chandergona to Waggah.

Thirty-two miles of road from Mohalsurry to Kunchannagore.

Twenty-one miles of road from Manickcherry to Ramghur.

10. It has been proposed to entertain an establishment consisting of a mohurir, one temporary overseer, two temporary sirdars, and Mr. A. DeRozario, Inspector of Police, for supervising the works.

11. The works enumerated above cannot be executed until Government sanction to the usual grant of Rs. 10,000 per annum from the Provincial Reserve Fund is obtained. Such sanction in former years would reach this office in July or August; this year it has been delayed up to date.

12. The memorandum of advances will show that a sum of Rs. 4,433-10-4 were outstanding at the close of September last, out of which sum Rs. 615-14 detailed in the margin,

| Recoverable from | | Rs. | A. | P. |

form a portion of the Rs. 35,000 advanced to hillmen from the Road Fund during 1871, 1872, and 1873. The men from whom the above amount is recoverable have absconded to Hill Tipperah and other places. It is impossible to get any trace of these men. I would recommend that the sum of Rs. 615-14 may be written off the

accounts, and that Government sanction be obtained to this.

No. 69GM, dated Chittagong, the 24th February 1880.

From—E. E. Lewis, Esq., Commissioner of the Chittagong Division.

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honor to submit the following annual report on the administration of the District Road Fund in the districts of the Chittagong Division, for the cess-year ending with 30th September 1879, and to enclose herein the district reports and accounts.

2. The report and accounts from the Chittagong Hill Tracts district were received in this office on the 24th December 1879; from the district of Nonkholly on the 17th January 1880, and from the Chittagong district, on the 3rd instant only.

3. An abstract of particulars regarding the meetings of the district road committees in the Regulation Districts of this Division during the year under review also accompanies. The Road Cess Act, X (B.C.) of 1871, has not been extended to the Chittagong Hill Tracts district, nor has any committee been formed for the management of its Road Fund, the administration of which rests solely with the Deputy Commissioner.

4. The committee in Chittagong consisted of five official, and 12 non-official members, and they had seven meetings, the average attendance being 7.23. The inclusion of Baboo Kules Chandra Das amongst the non-official members seems, however, to be a mistake, as he is manager of Court of Wards' estates under the Collector's control, and is therefore

virtually an official rather than a non-official member of the committee. The same remarks apply to Baboo Gopee Mohun Ghose, who is a khas mehal teshildar under the Collector.

5. In Noakholly the committee was composed of five official and 18 non-official members. There were 11 meetings held during the year, with an average attendance of six.

6. In Chittagong the members are reported to have generally taken interest in the proceedings of the committee, and to have assisted the Chairman greatly. Mr. Gotton further adds that there is no question of the utility of the committee as at present organised in this district. The Magistrate would appear to find his committee useful only as a consultative body. In his reply to Government Financial Department Circular No. 7, of the 1st November last, regarding the proposals for the improvement of the drainage of towns and villages in Bengal, he reports that in many cases no member, but the Chairman is adequately acquainted with the demands of the whole district upon the resources of the committee; that the members are no doubt intimately acquainted with the needs of particular localities, but it is usually the case that they have never even seen the greater part of the district, and never intend to visit it; and that the principal value of the committee's services is deliberative and consultative to guide and advise the Chairman and Vice-Chairman, but the initial executive work cannot, as a rule, be taken up by members of the committee.

7. In Noakholly, the native members are reported to have taken little interest, and to have afforded but little aid, in the management of road-cess affairs. Four of the members did not attend any meeting during the year. Their names have accordingly been removed and others selected to take their place.

8. There is only one branch committee formed under the Act in the Fenny sub-division in Noakholly. The district committee at Chittagong has been asked to take steps to open branch committees in proper quarters.

9. The receipts of the Division during the year under report on account of the District Road Fund amounted to Rs. 2,05,467-12-8½ against Rs. 1,48,700-13-7 of the preceding year, viz.—

| | Cess year. | | | | | |

| Total | 1,48,700 | 13 | 7 | 2,05,467 | 12 | 8½ |

10. The total receipts (Rs. 2,05,467-12-8½, together with the unexpended balance (Rs. 32,332-14-3) of the preceding year, minus the deficit expenditure (Rs. 37,007-13-1) which the Chittagong committee had to repay as debt due to Government, gives a net income of Rs. 2,00,792-13-10½ for expenditure during the year under report. The unexpended balance of the preceding year, however, includes Rs. 10,000 granted for expenditure in the Hill Tracts during the year under review—vide Government notification No. 104, of 6th May 1878, published in page 120 of Part I of the *Calcutta Gazette* of 8th idem.

12. Out of the above income only Rs. 92,663-1-11 were actually spent during the past year, against Rs. 1,27,470-6-3 of the preceding year, viz.—

| | Cess year. | | | | | |
|-------------------------------|------------|----|----|----------|----|----|
| | 1877-78. | | | 1878-79. | | |
| | Rs. | A. | P. | Rs. | A. | P. |
| On collection of revenue, &c. | 42,629 | 14 | 1 | 24,496 | 12 | 0 |
| On original district works | 32,166 | 13 | 7 | 20,920 | 15 | 5 |
| On repairs | 41,676 | 18 | 6 | 33,542 | 7 | 10 |
| On work establishment | 10,107 | 8 | 7 | 12,281 | 9 | 5 |
| On tools and plant | 889 | 9 | 6 | 1,421 | 5 | 3 |
| Total | 1,27,470 | 6 | 3 | 92,663 | 1 | 11 |

13. The unexpended cash balance at close of the year amounted to Rs. 89,575-13-7½, and the advances outstanding to Rs. 18,553-14-4.

14. There was an unduly large expenditure incurred in the past year on work establishment, more especially in the Chittagong district. Rs. 12,282 were spent on establishment

to carry out original works and repairs costing Rs. 54,468, while in the preceding year an establishment costing Rs. 10,107 only was all to carry out works to the value of Rs. 73,844. Contracts were less freely given, but I am not sure that better work was done.

15. It is also unsatisfactory to find that no progress has been made in any of the districts in planting fruit or other trees along the sides of roads. The attention of the committees will be drawn to this.

16. Rupees 4,000 in Chittagong, and Rs. 2,419-11 in Noakholly were spent on village roads during the past year. The village roads in both the districts appear to be numerous, though many of them are much in want of repair, and a portion of the funds at the disposal of the committee may well be expended in keeping up these means of communication, for such outlay will do much to make the Act popular and facilitate its working.

17. In Chittagong especially, complaints have been made to me regarding the imposition of the road cess and public works tax, and of the difficulty experienced by the zemindars in getting the ryots to pay their quota, and this objection will continue until the roads are made and communication opened, when the people will, I hope, find that they are not paying without reaping some compensating advantage. It is but little the committee can afford to set aside for village roads in Chittagong, for the whole system of roads had by degrees fallen into such a neglected state that a very large expenditure is now required to put them into thorough repair. There is not a single road in Chittagong, not even excepting the Imperial road to Dacca, that can be said to be in satisfactory order.

18. The Act is reported to have worked well in Noakholly during the year.

19. No contribution was made to the Public Works Department during the past year. The agency at the disposal of the committees and the Deputy Commissioner of the Hill Tracts were sufficient to cope with the works done.

20. The following is a statement showing the works proposed to be done in the districts of this Division, and the amounts estimated to be spent on them during the current cess year:—

PUBLIC WORKS DEPARTMENT—BENGAL.

DISTRICT ROAD FUND.

NOTIFICATION.

No. 134.

The 2nd August 1880.

UNDER section 89 of Act X (B.C.) of 1871, the following annual accounts and reports of the district road committees of Hazaribagh, Lohardugga, Singhbhum, and Manbhum, of works done and in progress during the past cess year 1878-79, together with the remarks thereon of the Commissioner of the Chota Nagpore Division, are published for general information.

T. H. WICKES,

*Asst. Secy. to the Govt. of Bengal,
Public Works Dept.*

No. 63, dated Hazaribagh, the 29th December 1879.

From—MAJOR E. G. LILLINGSTON, Chairman, Road Cess Committee, Hazaribagh,

5. Although the attendance of members at committee meetings was not so satisfactory as in the previous year, it may however be said to have been fair, inasmuch as members were not wanting to form quorums at the four meetings convened during the year. The non-official members took an average interest in the discharge of the duties entrusted to them by the Act. The members living close to the town attended the meetings more regularly than those who had to come from a distance.

6. More than ten days' notice was given of every meeting convened during the year, and in every notice the business to be transacted at the meeting was stated.

7. The following changes took place in the offices of the Chairman and Vice-Chairman of the Committee during the year under review :—

Colonel H. M. Boddam, Deputy Commissioner, having left the district, Major L. Blathwayt, who officiated in his place, held the office of Chairman from 18th June to 28th July 1879, when he was relieved by Major E. G. Lillingston, the present Deputy Commissioner.

The Deputy Collector Baboo Dino Nath Mookerjee held the office of Vice-Chairman from 1st October to 8th June 1879, and Baboo Radha Madhub Basu from 9th June to end of the year. The change took place in consequence of the transfer of Baboo Dino Nath Mookerjee from this district.

The list of members was also revised in September last owing to many changes having taken place since their appointment.

8. There is no branch committee yet appointed in this district.

9. The principal business transacted by the committee during the year was the following :—

1st.—Audit of accounts for the cess year 1877-78.

2nd.—Preparation of budget estimates for 1879-80.

3rd.—Determination of rates of assessment for 1879-80.

4th.—Passing of estimates for different repair works executed during the year.

10. It would appear from the accounts that a very small portion of the money provided for roads and communications in the budget estimates of the year was expended. Colonel Boddam, late Deputy Commissioner, under instructions contained in Bengal Government No. 4048, dated 26th November 1878, ordered all the original works to be stopped, only the repairs absolutely necessary being undertaken during the year.

11. The earthwork estimate of the Giridi and Khurukdiha road had received the sanction of Government in October last, but the work was postponed after the tenders of the contractors had been accepted owing to the Government order mentioned above.

12. The accounts of the fund for the year under report were examined and audited by a sub-committee consisting of the members named below :—

Major L. Blathwayt, Senior Assistant Commissioner ;

Rai Jodu Nath Mukherji, Government Pleader ;

Moonshee Bisben Prasad, Pleader ; and

The Vice-Chairman Baboo Radha Madhav Basu, Deputy Collector.

13. The annual inspection of the road fund registers and accounts was made last year by Mr. F. Moore, Deputy Examiner of Public Works Accounts. The inspection took place in March 1879, and the result was said on the whole to be satisfactory.

14. The receipts under the head "Cesses" amounted to Rs. 32,187-7-9 during the year, and those under the head "Miscellaneous" Rs. 858-8-2, as per details furnished in Part II of the annual accounts.

15. The cess on houses has been abolished. The arrears on account of the demand falling due prior to 1st April 1878 only were to be collected under orders of Government conveyed in letter No. 527, dated 23rd September 1878 : hence the receipts under this head fell short of the amount estimated for in the budget.

16. Government paid during the year Rs. 500 as contribution to the District Road Fund on account of collection charges, as both the cesses are collected through the same establishment.

17. There was a sum of Rs. 23,650-15-8 unexpended at the close of the year 1877-78 to which the receipts, Rs. 82,995-10-11, being added, the money available for expenditure during the year amounted to Rs. 56,646-10-7. Of this amount Rs. 22,517-13-9 were

expended and Rs. 84,128-12-10 remained in hand at the close of the year. (This does not include balance under "Suspense account.")

18. The charges for collection of revenue during the year were Rs. 1,408-4-2, against Rs. 1,446 provided for in the budget. The cost of establishment amounted to Rs. 1,260-2-10, and the contingent expenses Rs. 143-1-4. One extra clerk on Rs. 30 was entertained in April 1879 with the sanction of the Commissioner in the Collection Department for revaluation work: hence the charges under the head "Clerks" have exceeded the budget grant. The extra cost was, however, met from the savings under the heads "Contingencies" and "Other establishments."

19. Forms to the value of Rs. 78-4-0 were printed during the year at private presses in Calcutta.

20. The charges under the head "Work establishment" amounted to Rs. 6,717-9-6. This includes not only pay of establishment, but also the contingent expenses incurred by the District Engineer as well as by the Vice-Chairman.

21. The expenditure on works during the year was Rs. 13,828-3-4, viz. Rs. 2,366-8-6 on original works and Rs. 11,461-10-10 on repairs, against Rs. 16,400 and Rs. 20,500 respectively provided for in the budget.

22. The charges under the head "Tools and plant" amounted to Rs. 402-12-9, against Rs. 1,000 sanctioned in the budget. New tools of the value of Rs. 316-9-0 were purchased during the year, and Rs. 86-3-9 paid for repairs to old tools and conveyance charge, &c.

23. Rs. 87-12-0 were expended during the year on account of the dāk bungalow at Ramghur, viz. Rs. 48, pay of establishment, Rs. 9-14 on account of crockeries, and Rs. 29-14-0 for repairs to the buildings.

24. The following are the details of the several works executed during the year:—

Hazariabagh and Chuttra Road.—The expenditure against this road during the year was Rs. 518-15-9, against Rs. 1,500 in the budget. No work was done on the road except surveying and levelling the rivers with the view of drawing up estimates for the construction of bridges and culverts over them. Of the amount, Rs. 518-15-9, charged against the road, Rs. 321 were paid for 12,365 cubic feet soling metal and 6,203 cubic feet gravel previously collected on the 3rd mile, and Rs. 197-15-9 for survey expenses. I have lately driven over the whole length of this road. It is now in a very fair condition as a fair-weather road; but to make it drivable during the rains a number of small bridges and culverts must be constructed.

Burhee and Gawan Road.—No work was done on this road. The old line of road was surveyed and levelled during the year up to Kodurmah at a cost of Rs. 232-15. I have lately been over the greater part of the line to be taken by this road. When completed it will be a great convenience, bringing the Government estate of Kodurmah and the reserved forest there into easy communication with the Grand Trunk Road and head-quarters.

Paharpore and Hogodhur Road.—The road and rivers were surveyed and levelled at a cost of Rs. 188-9-0 with the view of preparing a complete estimate of the work. This road in parts requires almost re-construction. It has been apparently long left without repairs and is almost washed away in parts.

Giridi and Khurukdiha Road.—The earthwork estimate was received duly sanctioned by Government in October 1878, and the work was about to be commenced when the Government letter mentioned in paragraph 10 was received, and the late Chairman ordered it to be stopped. A sum of Rs. 721-0-6, on account of compensation for lands taken up for the portion of the road from Giridi to Pachumbah, was paid into the treasury during the year under orders of the Accountant-General, and Rs. 41-8 expended as contingencies. The work on the road has since been commenced. This will be a very important road as connecting Khurukdiha, where there is a moonsiff's court and a police-station, with the sub-divisional head-quarters.

Ramghur and Jainuggur Road.—No work was done on this road during the year. The amount, Rs. 106-13-3 charged in the accounts, was on account of arrears due to contractors for work previously done. This road also is of importance as being a continuation of the Ramghur and Gola road, and will open out a tract of country almost without communication at all. It should be extended to Tundwa, where there is a police-station.

Giridi and Toondi Road.—Six new culverts that were built along this road towards the end of the last cess year were paid for during the year under report.

REPAIRS.

Chuttra and Chowparan Road.—This is a metalled road. The expenditure during the year, including maintenance and repairs of the two bungalows at Pitiz and Chuttra on the road, was Rs. 3,573-1, against Rs. 4,000 sanctioned in the budget. I have driven the whole length of this road; it is in very fair order but repairs are required in places. This is the trade route from Chuttra, the largest mart in the district, to the Grand Trunk Road by which route most of the merchandize of this and neighbouring districts is sent to Calcutta.

Baloomat and Sherghatty Road.—The work on the road was stopped to effect savings. The road near Bhooraghat hills was, however, maintained during the rainy season. The total outlay on the road, including the arrears paid to contractors for work done during the previous year, was Rs. 380-10-1. Besides, Rs. 66-9-6 was expended in the maintenance and repairs of the bungalow at Jubra on the road, and Rs. 315 for planting trees. This road has not yet been seen by me.

Hazaribagh and Chutra road.—The surface of this road, 40 miles in length, was properly repaired and kept in order at a cost of Rs. 707-7-3. Besides Rs. 66-9-6 expended in the maintenance and repairs of the bungalow at Lepo and Rs. 815 in planting trees along the road.

Paharpore and Bogodhur road.—The amount Rs. 42 charged against this road was on account of maintenance and repairs of the bungalow at Bhurkutta.

Giridi and Khurukdiha road.—The two bungalows at Pachumbah and Mirzagunge were repaired and maintained during the year at a cost of Rs. 137-3-6.

Ramghur and Golu road.—The expenditure during the year amounted to Rs. 540-10. The surface of the road which is 15 miles long was kept in proper repairs. I have not yet seen this road, but shall shortly travel over it.

Gola and Petridi road.—This fair weather road, which is eight miles in length, was properly repaired and maintained at a cost of Rs. 388-1-3. Not yet seen.

Station roads.—The expenditure on repairs of these roads, including maintenance and planting trees, amounted to Rs. 1,107-11-9. The culverts along all the roads have been repaired and the metalled surface kept in order. Seven hundred trees have been maintained along these roads and kept in a flourishing state. The roads are all in very fair order.

Old Benares road.—The work on the road was stopped to effect a saving. I am informed that this road towards police out-post Kutkumsaree is undrivable and much out of repairs.

Gola and Gorindpore road.—The outlay on repairs of the road amounted to Rs. 1,723-1-6. Besides Rs. 315 for planting trees and Rs. 94-15 for repairs of the bungalow at Peterbur were expended during the year. Not yet seen.

Moheshmoondi and Bengabad road. The work on the road was stopped to effect a saving.

Giridi and Toondi road.—No work was done on the road. The amount Rs. 128-1 charged in the accounts was on account of arrears of last year paid for during the year.

The amounts expended on village roads during the year are detailed below :—

| PACHUMBAB SUB-DIVISION. | | Rs. | A. | P. |
|-----------------------------|-------------------------|-----|----|----|
| 1 | Khurukdiha to Gorunji | 137 | 3 | 9 |
| 2 | Dhanwar to Dorundah | 298 | 10 | 9 |
| 3 | Khurukdiha to Chitterdi | 42 | 9 | 9 |
| 4 | Pachumbah Bazar roads | 40 | 0 | 0 |
| HEAD-QUARTERS SUB-DIVISION. | | | | |
| 5 | Kuju to Burgawan | 151 | 9 | 0 |
| 6 | Kusmar to Peterbur | 254 | 5 | 3 |
| 7 | Hazaribagh to Khupriwan | 356 | 5 | 3 |
| 8 | Banudag to Koozombha | 6 | 9 | 0 |
| 9 | Gola to Diura | 196 | 3 | 3 |

The above works were mostly done towards the end of the last cess year and paid for during the year under report. The works in the Pachumbah sub-division were executed under the supervision of the Assistant Commissioner of Pachumbah, and those in the head-quarters under the superintendence of the District Engineer.

Office building.—A sum of Rs. 95-11 was expended in repairs and maintenance of the building during the year.

25. *Trees.*—Nearly 7,000 young trees of different species have been transplanted, with fences complete, along seven lines of roads. Besides, 700 trees along the Hazaribagh station roads were maintained and kept in a flourishing state.

26. Ten nursery gardens have been established in different parts of the district. The particulars of these gardens have been separately reported to Government and need not therefore require reiteration here (*vide* Nos. 138, dated 4th April, and 61, dated 17th December 1879.)

27. *Working of the Act.*—Although in many instances the payments were not punctual, and there has been consequently delay in recovering the money, yet there was no actual difficulty experienced in collecting the cesses; very nearly 98 per cent. of the demand was paid up before the close of the year. The delay in payment was probably due to the tax being doubled by the introduction of the Public Works Cess Act. On the whole, however, I consider the system has worked well, and the benefits derived by the Road Cess are well appreciated by the people.

28. No work in the district was entrusted to the Public Works Department nor executed by the officers of that Department during the year under report.

ESTABLISHMENT.

29. The following are the establishments entertained for the working of the Act :—

1st. Establishment for collection of revenue.

2nd. Committee's office establishment.

3rd. Engineer's establishment.

30. The establishment for collection of revenue consisted of one head clerk, one mohurrir, one office peon, and four extra peons, and an extra clerk for re-valuation work, and that of the committee's office one clerk only. There is no Accountant in the Road Fund office, the duty is performed by the Collector's Road Cess Head-clerk in addition to his legitimate duties with the assistance of the committee's clerk.

31. Radhika Prosad Mullick, head clerk Collection Department and Accountant, Road Fund Office, is a very intelligent and painstaking officer, and is well up to his duties. Taken

an active and personal interest in his work, and has given me satisfaction in the performance of his duties since I joined the district.

32. Moti Lal Sen, clerk, committee's office, has worked in a satisfactory manner.

33. The Engineer's establishment consisted of the following officers :—

- 1 District Engineer,
- 3 Sub-overseers,
- 1 Draftsman and sub-overseer.
- 1 Clerk.

34. Mr. A. H. Gantzer, District Engineer, is an officer of active and energetic habits, and at the same time he keeps his office in very neat and satisfactory order. He is attentive and obliging, and has given much assistance since I joined the district. I have a good opinion of his character and acquirements.

35. Babu Makhum Lal Chatterjee, sub-overseer in charge of the Pachumba sub-division, is still on probation. As his professional abilities could not be fairly tested during the year under review, consequent on the works having been stopped, the committee have, with the sanction of Government, extended his time of probation for another six months. The District Engineer reports that the sub-overseer can survey and level correctly, and is an intelligent and hard-working officer.

36. Babu Troylukya Nath Chukrabutty, sub-overseer in charge of the Ramghur Division, is reported by the District Engineer to be hard-working and intelligent, though rather tardy in answering letters and submitting his accounts. The District Engineer further states that the sub-overseer does not inspect his works so frequently of late as he used to do before. His reason for so doing, the District Engineer says, is that he has lost his horse and cannot afford to buy another.

37. Babu Shibokali Mookerjee, sub-overseer in charge of the Chuttra sub-division. The District Engineer reports that the sub-overseer depends too much on his road sirkars; otherwise he is a respectable and trustworthy subordinate.

38. Moonshi Sheikh Chand, draftsman and sub-overseer in charge of head-quarter's sub-division, is reported to have worked well, though very slow.

39. Babu Kali Bhusun Mookerjee. The following remarks have been recorded by the District Engineer regarding this officer :—

"Babu Kali Bhusun Mookerjee, Assistant Accountant in charge of my office, continues to work very satisfactorily. He is very painstaking, and his books and papers are kept up as correctly and neatly as one would wish to see."

RADHA MOHUN BASU,
Vice-Chairman, R.C.C.

Explanatory memorandum attached to the District Road Fund Annual Accounts for 1878-79.

1. In preparing the annual accounts the new classification of heading proscribed by Government circular No. 54A, dated 5th August 1879, has been adopted both in filling up the columns "amount as per budget estimates" and "amount of expenditure:" hence the figures entered in the column "amount as per budget estimate" in Part II of the accounts differ in certain items from those in the budget estimate for the year and in the Government resolution thereon, though the total estimated receipts and expenditure in the two returns tally.

2. The miscellaneous receipts, Rs. 1,398, entered in the Government resolution were composed of the three items, viz. (1) Peon's fee or costs for recovery of arrears of cesses, Rs. 300; (2) Records searching fee, Rs. 20; (3) Rs. 1,078, one per cent. road cess contribution from the Government Estates Improvement Fund.

3. *Printing at private presses.*—There was no such heading as "printing at private presses" in the old form in which the budget estimate for the year was prepared; the cost of all forms was charged before under the head of Contingencies: hence no figure is entered against this item in the column "amount as per budget estimate."

4. *Staging bungalows and serais.*—The expenditure on staging bungalows was formerly charged to the roads on which such buildings were situated, and there was no separate heading in the old form of the budget: hence the column amount as per budget estimate against this item is also left blank.

No. 144, dated Ranchee, the 5th March 1880.

From—A. W. B. POWER, Esq., Deputy Commissioner of Lohardugga,
To—The Commissioner of Chota Nagpore.

I HAVE the honor to submit the accounts of income and expenditure for the cess year ending 31st September 1879, and to report on the working of the Road Cess Department of this district.

2. I regret the delay in submitting these papers, which has been entirely owing to the illness of the Accountant, Road Cess Department.

3. During the year under review there were nine meetings of the district committee, of which one was adjourned for want of a quorum. The average attendance was eight, or one more than required to form a quorum. The names of members, and the number of meetings attended by each, are given below:—

4. The attendance of members was on the whole satisfactory. The average attendance during the season was eight, while in the previous year the average was six.

5. The Palamow branch committee, which was composed of eleven members, held six meetings.

6. Particulars regarding both the district and branch committees are given in the annexed statement in the prescribed form.

7. The total receipts for the year amounted to Rs. 36,471-0-8, which was derived from the following sources:—

| | | | Rs. | A. | P. |
|--|-----|-----|---------------|----------|----------|
| Cess on lands | ... | ... | 33,114 | 14 | 2 |
| Cess on houses | ... | ... | 0 | 3 | 5 |
| Contribution from imperial funds for the improvement of Government estates | ... | ... | 1,639 | 0 | 0 |
| Miscellaneous revenue | ... | ... | 1,716 | 15 | 1 |
| Total | ... | ... | 36,471 | 9 | 8 |

Deducting from the above the balance (Rs. 872-1-2), which remained due to contractors at the end of last season, the amount available for expenditure was Rs. 35,598-15-6.

8. The estimated income for the year was Rs. 37,108-14-4; and the difference, Rs. 637-18-8 in the receipts, is caused by a minus and plus account under the following heads:—

| | | Rs. | A. | P. | Rs. | A. | P. |
|--|-------|--------------|-----------|----------|--------------|-----------|----------|
| | | | | | | | |
| | | | | Plus. | | | Minus. |
| Cess on lands | ... | ... | ... | 1,354 | 12 | 6 | |
| Cess on houses | ... | ... | ... | 1,629 | 8 | 7 | |
| Cess on mines | ... | ... | ... | 9 | 7 | 8 | |
| Contributions for improvements of Government estates | ... | 639 | 0 | 0 | | | |
| Miscellaneous revenue | ... | 1,716 | 15 | 1 | | | |
| | | 2,855 | 15 | 1 | 2,993 | 12 | 9 |
| Difference | | | | | 637 | 18 | 8 |

9. The unrealised balance of cess on lands is due from the Palamow sub-division, and the Assistant Commissioner in his letter No. 3680, dated 8th December 1879, states that measures have been taken to realize the same.

10. The small amount (annas 3-5) shown in the statement of receipts was realized before the receipt of Government order No. 52T, dated 23rd September 1879, prohibiting the levy of cess on houses.

11. The total expenditure was Rs. 30,420-10-7 under the following heads:—

| | Rs. | A. | P. |
|-----------------------------|--------|----|----|
| Establishment on collection | 1,849 | 12 | 4 |
| Contingencies | 369 | 15 | 4 |
| Original works | 10,458 | 9 | 8 |
| Repair works | 12,664 | 8 | 8 |
| Establishment on works | 4,992 | 14 | 5 |
| Tools and plant | 90 | 4 | 0 |
| Total | 30,420 | 10 | 7 |

The unexpended balance at the close of the year was Rs. 5,178-4-11.

12. The allotment for the year was Rs. 36,535-4-2, or Rs. 936-4-8 more than the actual receipts. Deducting therefore the excess from savings on allotments, the balance will correspond with the actual cash balance.

13. The savings on allotments are—

| | Rs. | A. | P. |
|---------------------------------------|-------|----|----|
| From establishments and contingencies | 1,713 | 1 | 4 |
| From works in Palamow sub-division | 8,856 | 13 | 8 |
| From works in Sudder division | 544 | 11 | 0 |
| Total | 6,114 | 9 | 7 |
| Deduct the excess | 236 | 4 | 8 |
| Cash balance | 5,178 | 4 | 11 |

14. The Road Cess and District Engineer's Offices were inspected by Mr. F. Moore, Deputy Examiner of Accounts, Public Works Department, on the 26th March 1879. His report was satisfactory.

15. Roads.—Excepting the petty roads in the neighbourhood of the station, the district roads are all unmetalled fair-weather roads; their total length is 610 miles. Of this 362 miles are in head-quarters division, and 248 miles in sub-division Palamow.

16. The cost annually of repairing and maintaining this great length of road is very heavy, while the income of the district is small in comparison to its large area, consequently the work of improvement will take time.

17. The late scarcity placed the Committee in difficulties, as relief works had to be undertaken in different localities, and the extra expenditure thus incurred was met from the small income of the district; besides this, the local work cess could not be raised above three-fourths rate so long as the effects of the scarcity lasted.

18. For the above reasons the organizing of working establishments for both Sudder and sub-division, and the purchasing of mathematical instruments, could not be carried out at once, and had to be done gradually as means were available. It is hoped the arrangements now made will work better.

19. The late harvest was exceptionally good throughout the district, and as the country is now in a prosperous condition, the Committee hope to be able to increase the local work cess to the maximum rate in the ensuing season.

20. In the Sudder division ten village tracks are in hand; their total length is 189 miles, of which 38 miles have been repaired and improved during the season. All the village roads in hand are useful lines leading from large villages and marts into the interior of the district, and also into the jungle tracts. It is proposed to carry on the repairs and improvements continuously from year to year until completion.

21. In the Palamow sub-division two village tracks have been improved, and the Branch Committee are fully alive to the importance of these works. From the ensuing season, when it is hoped the Committee will have larger means at their disposal, greater attention will be paid to these works.

22. Government order No. 10, dated 28th October 1878, to plant fruit trees at the sides of roads, was received after the funds at the Committee's disposal had already been allotted, and as there was no reserve fund from which the cost could be met, this work could not be undertaken.

23. For the last two seasons the district works have been given out on contracts. Tenders are now invited, and such tenders as are approved by the Committee are accepted.

24. The establishment on collection of revenue consists of one clerk, one mohurir, one peon; office establishment one accountant only, and under the Palamow Branch Committee, one clerk and one mohurir only. The head-clerk and accountant has been compelled to resign owing to ill health. The clerk is not sufficiently well acquainted with English to take his place, but arrangements have now been made for appointing a qualified person.

Clerk, Baboo Man Govind Aykat.
Mohurir, Lala Surrup Narain.
Accountant, Baboo Nil Madhub Ghose.
Clerk, Gopal Lal.
Mohurir, Mubabir Persad.

District Engineer, Mr. J. Pickard.
 Sub-Overseer, Baboo Bama Charan.
 Mohurir, Behari Tewari.
 Sub-Overseer, Baboo Jogendro Nath
 Ghose.
 Sub-Overseer, Baboo Chyansook Rai.

25. The establishments on works at head-quarter division consists of one District Engineer, one sub-overseer, one mohurir, one peon, and in the Palamow sub-division two sub-overseers and one peon.

26. The District Engineer has given satisfaction, his work is to be trusted, but he has an enormous area to supervise, and recent orders regarding preparations of scheme and estimates have interfered considerably with his out-door duties. The establishment under him at head-quarters have also done well.

27. The season's work has been executed satisfactorily, and is, I think, a fair outturn for the expenditure.

28. The principal works that were undertaken during the year are—

No. 165, dated Ranchi, the 9th April 1880.

From—A. W. B. POWER, Esq., Deputy Commissioner of Lohardugga
To—The Commissioner of Chota Nagpore.

REFERRING to your letter No. 79DR. of the 24th ultimo, I have the honor to report that one of the Committee (Mr. J. Binning) undertook and supervised the repairs of a village road, and almost all the members who attended the Road Cess Committee took great interest in the proceedings. Regarding Palamow Branch Committee, Mr. R. H. Renny, Assistant Commissioner, writes "that five of the new official members regularly attended the meetings of the Branch Committee and took part in the discussion. I shall be able to work more on this subject next year, as I was only in charge for a month and a half during the past cess year."

"The Sub-Overseer Baboo Jogendro Nath Ghose is a competent man and is working well now. His assistant, Moonshi Chyan Sook Roy, is not very brilliant, and his fitness for the post he now holds is being tested."

"The office establishment worked satisfactorily and gave me reasons to be satisfied with them."

No. 1308, dated Chaibassa, the 18th October 1879.

From—C. H. GARBETT, Esq., Offg. Deputy Commissioner of Singbhdom,
To—The Commissioner of Chota Nagpore.

IN compliance with the orders of Government in the Public Works Department, No. 50, dated the 23rd July 1878, I have the honor to submit the following report on works of local improvement executed on the district roads during the cess year 1878-79, ended the 30th September 1879, and works proposed to be undertaken during the cess year 1879-80. The distinguishing number of each road has been noted against it.

2. *Aidnapore Road.*—During the year under review the following earthworks and repairs were executed:—

Petty repairs to 12½ miles of roads.

985,915 cubic feet earthwork in approaches of culverts.

One one-eighth miles of new road in the neighbourhood of Ghatshilla, pergunnah Dhulbhoom.

Approaches of 12 streams undertaken,—*Kherkai, Seelaijoorla, Asoogara, Burlu nalla, Turing Joorea, Guroora river two crossings, Dood river, Gora-joorla, Garmooria khal, Kondor khal, and Khursulhi.*

13,252 cubic feet of cutting in stone in approaches of Subarnarekha river and ghat near ghatshilla.

3. The following original works were undertaken and completed during the year under report:—Two large and one small wooden platform culverts were replaced by arched structures. It was determined last year to replace five small wooden platform culverts by arched ones. It was subsequently discovered, however, that the roadways of two of the larger existing culverts were in an unsafe condition through the decay of the timber. As timber of the proper scantling could only be procured at considerable cost, and seasoned timber not at all, the dangerous roadways could not be economically repaired, and moreover, it was found that the masonry of those culverts were in a decaying condition. Under all the circumstances it was decided as the more economical plan to replace these culverts at once by arched structures. The four small culverts provided for last year have been included in the original works to be executed during the current year. Besides the above three other small platform culverts were converted into arched culverts, the arches being constructed on the original masonry foundations.

In compliance with Government order on the subject, some 12 miles of this road have been planted out with 4,341 mango and jack-fruit trees. These trees have all been enclosed, and will be put under charge of the different villages in the boundaries of which they have been planted.

4. During the current cess year 1879-80 it has been determined to replace 15 temporary wooden platform culverts by arched masonry ones between Koojee on the 6th mile to Kapargodi on the 35th mile. Regarding earthwork, it has been determined to complete all imperative repairs first, that is, all serious damage done by the preceding rains so as to render the road trafficable, and then thoroughly and entirely repair the line as far as the assignment will permit.

5. (3) *Burakur Road*.—On this line the following has been executed:—

Repairs and earthworks.—Surface repairs to 19½ miles road, 185,119 cubic feet of earthworks in approaches to culverts.

Approaches to streams Roro, Songai, Gara joorla, Bono joorla, and Subarnrekha repaired and put in order.

Eight hundred and ninety-nine mango trees planted from Chaibasa to the Roro river, a distance of 4 miles. All these trees have been enclosed and put in charge of moondas of villages within whose boundaries they have been planted.

Original works.—Nineteen arched masonry culverts were undertaken and completed. Of these 12 were entirely new culverts and the remaining 7 converted culverts, that is, wooden platforms were replaced by arches built on old foundations. The metalling of 2 miles of road provided for last year could not be executed for want of funds.

6. During the current year funds have been allotted for the repair of this road. First it is proposed to complete the imperative repairs so as to render the line thoroughly trafficable, and then to expend the balance in renewing and substantially repairing the line, commencing from the beginning and proceeding as far as the allotment will permit.

7. (5) *Bandgaon Road*.—Surface repairs to 14 miles of this road were executed during the past year, and 191,749 cubic feet of earthwork in approaches of culverts, and in raising and filling portions of the road were executed.

8. The approaches on ghats of the following streams were also repaired and put in order:—Sangai river at Bordar, Sirhora nalla, Jhor Jhora khal, Bonga janga, Resai khal, Bare river, and Phooljori khal on the other side of Bandgaon. The hill passes of Milepee and Noda were also repaired as far as the funds permitted.

Four temporary wooden platform culverts beyond the village of Sirhora were also repaired. Eighteen hundred and sixty-two mango and jack trees have also been planted and enclosed from Chaibasa to beyond the village of Pootidha, and in the immediate neighbourhood of Bandgaon. These trees have been placed in charge of the heads of villages within whose boundaries they have been planted.

9. It has been resolved that during the current year the urgent and imperative repairs should first be undertaken throughout the entire length of the road, and the balance then expended in renewing and thoroughly repairing the line as far as funds will permit.

10. (7) *Jyutgurh Road*.—Twelve miles of this road have been repaired during the past year and 252,082 cubic feet of earthwork in approaches of culverts and in raising the road wherever necessary have been executed. During the present year it has been decided, first, to complete the imperative repairs along the whole line, and then thoroughly to repair and renew the road from the beginning as far as the allotment will go.

11. (2) *Bairagoora Road*.—Eight miles of this road were repaired during the past year and 33,775 cubic feet earthwork executed in approaches of Jantha khal bridge and in raising and filling the road where damaged. During the current year funds have been allotted for undertaking the imperative repairs along the entire length of the road and raising and improving the line from the commencement as far as the allotment will permit.

12. (4) *Khursaul Road*.—This road has been repaired along 11½ miles, and 27,560 cubic feet of earthwork have been thrown up in embankments forming approaches of three culverts and in filling portions of the road where damaged. During the current year the imperative repairs only have been provided for, as funds are not available to do more.

13. (6) *Gurjan Road*.—Thirty and a half miles of this road were repaired during the past year and 180,000 cubic feet of earthwork executed in filling portions of road and cutting approaches of streams, &c. Imperative repairs only have been provided for during the current year, as funds are not available to do more.

14. (22) *Chakulia Road*.—Eight miles of this road were repaired during the past year and 58,070 cubic feet of earthwork executed in filling and raising portions of the line were damaged. During the current year funds have been allotted for carrying out imperative repairs, and the balance is to be expended in putting the line from the beginning into thorough order as far as the funds will permit.

15. (26) *Chiroo and Ghagri Road*.—This road is a new line from Chiroo on the Barakur road to Ghagri on the Khersawan road. It is intended as a diversion line during the rains to avoid the Roro river which is impassable after heavy rains, but no provision has been made for its repair during the current year as funds are not available.

16. The following roads were also repaired during the past year. Owing to want of funds, no provision has been made for these repairs during the current year.

17. (8) *Bamanghatty Road*.—Surface repairs to 15 miles and 72,200 c. ft. of earthwork in approaches of four culverts and raising and filling road were executed on this line.

18. (9) *Seraikella and Chuckedharpore Road*.—Surface repairs to 12½ miles and 32,250 c. ft. earthwork in raising and filling portions of road were executed on this line. The approaches of thirteen streams were also put in order.

19. (10) to (21) *village roads*.—Surface repairs to 25 miles and 51,800 c. ft. of earthwork in filling and raising damaged portions were executed on this line.

20. (23) *Goodri road*.—Surface repairs of 24 miles and 97,450 c. ft. earthwork in filling and raising damaged portions were executed on this line.

21. (24) *Kalkapore Police Station Road*.—One and a half miles of road repaired, and 20,925 c. ft. earthwork executed in filling and raising portions of road in low lands.

22. *Ruboghat Road*.—Nine miles repairs to portions damaged and 11,275 c. ft. earthwork in filling and raising wherever needed.

23. *Meetings*.—The statement appended exhibits the number of meetings of the District Road Committee held during the year, and gives details of the constitution of the Committee. Owing to the little interest taken by the native members of the Committee, it is always more or less difficult in this district to get a sufficient number of members to attend to form a quorum. Further, most of the members reside out of Chaibassa and at considerable distances, and this, involving trouble and expense in coming in, militates against good attendance.

Two members—one deceased and the other incapacitated from age and bodily infirmities—have been succeeded by their sons.

24. *Establishment*.—The permanent establishment consists of one District Engineer, one clerk, and one chuprassi.

Mr. Goddard, who has acted as District Engineer some years, is intelligent and painstaking, and given satisfaction. The clerk has also given satisfaction in the performance of his duties during the year.

25. The temporary establishment consists of two sub-overseers, one for Singbhoom Proper and the other for Dhulbhoom.

The latter is located at Ghatshilla, and is paid from the annual contribution from funds of the estate. They were estimated for ten months only, or up to 31st July last, but, as it was necessary to execute earthwork during the rains, their services were retained in consequence, nominally borne on the temporary list. They have been retained throughout the twelve months in past years as there was always something necessary for them to do.

SINGBHOOM DISTRICT ROAD FUND.

Explanatory memorandum to accompany the annual accounts for the cess year 1878-79.

Receipts.—Contribution from Government Estate Improvement Fund Rs. 781-8. This amount was not available as the fund was in debt.

Contribution from the Porahaut Estate Fund Rs. 1,480. This amount was likewise not available for the above reasons.

Contribution from Dhulbhoom Estate Fund Rs. 2,370. This is an annual contribution for repairs of roads in Dhulbhoom. It was sanctioned after the submission of the budget estimate for 1878-79. Rs. 1,100 were drawn and expended last year according to requirements.

Expenditure.—*Public Works Repairs.* The increased expenditure under this head during the past year has been met from the budget allotment for the current year 1879-80 in order to complete the works before the termination of the rains.

Tools and Plant.—The increase under this head of expenditure has been debited to the budget allotment for the current year 1879-80.

The Government having disallowed the balance of the past year on the 31st March 1879 to be brought forward for expenditure after that date, the actual balance at the credit of the District Road Committee on the 30th September 1879 was Rs. 6,097-12-6. The paper balance standing in the books, viz., Rs. 12,229-1-11 has been shown in the accounts. Meanwhile the Controller of Public Works Accounts, Bengal, has been written to regarding adjustment of the lapsed amount Rs. 6,131-5-5.

Annual Report of the District Road Cess Committee of Manbhoom for the year 1878-79.

Working of the Act.—The demand of the year on account of road and public work cesses was Rs. 69,858, of which cess on land was Rs. 69,146 and cess on quarries and mines Rs. 712. In the cess on quarries and mines there was an increase of Rs. 547 against Rs. 165 of the preceding year. This was owing to twelve new mines having been opened during the year. The assessments were at the same rate as in the preceding year. For the realization of the greatest portion of the demand notices were served upon the cess-payers, but most paid their cesses previous to the sale of their property. In the latter portion of the year seven pergunnahs were transferred to the Bankoora district, which has diminished the revenue of the succeeding year by Rs. 4,675. The balance which remain unrealized at the close of the year was owing to there being a very short time for its realization, as the year expired on the 30th September, and the date of payment of the last instalment was 28th idem. The working of the Act on the whole was satisfactory.

Working of the Committee.—The Sulder Committee did fair work. There were seven meetings held during the year, and the attendance of members at these was good, giving an average of 11 out of the total of 20 forming the Committee. In appendix A will be found further details regarding the attendance of members, and I think the fact that only two members did not attend any meeting speaks well for the interest members take in the work. The following is a summary of the work done by the Committee:—

- (1) Revision of the budget estimate for the year by the reduction of expenditure on certain local works, and resolution regarding surface repairs on the district roads.
- (2) Annual accounts 1877-78, examined and passed.
- (3) Sick leave granted to a sub-overseer suffering from chronic ophthalmia. Sanctioning repairs to the serais in the Govindpore sub-division, Grand Trunk road. Calling for tenders for contract work for the year.
- (4) Recommendation to Government to gazette the *pro tem* District Superintendent of Police to be *ex-officio* a member of the Road Cess Committee. Disposal of the unexpended balance from the budget allotment for earthwork on the Chaibassa road for the year 1877-78.
- (5) Discussion regarding the budget estimate for 1879-80, and passing of the same, and appointment of a new District Engineer.
- (6) Appointment of a new Vice-Chairman, and discussion regarding the reduction of rates for earthworks, and appointment of Sub-Committee for that purpose.
- (7.) Determination of the rates of cess for next year, and resolution regarding the rates earthwork, adopting the proposals of the Sub-Committee.

Of these the most important were the appointment of the District Engineer and the reduction of the rates for earthwork.

As regards the District Engineer the Committee had made the appointment without strictly conforming to the rules regarding the qualifications of candidates. The appointment was vetoed by Government, but on the strong recommendation of the Committee the Lieutenant-Governor was pleased to treat the case as a special one, and the present incumbent, Baboo Nanda Gopal Banerjee, was declared to be duly qualified, and his appointment was confirmed. The appointment is for the present probationary.

The question regarding the rates for earthwork was first mooted by the Commissioner, who considered they were a great deal too high. A Sub-Committee consisting of the Vice-Chairman, Mr. W. N. Campbell, Baboos Basanta Coomar Neogi, Ramdyal Mozoomdar, and Preonath Surma was appointed, and they, after careful enquiry, and some discussion recommended that the rates be reduced from a maximum of Rs. 2-4 per 1,000 to a maximum of Rs. 1-14 per 1,000 c. ft.

This reduction will effect a considerable saving and enable more work to be done for the money allotted in the budget estimates.

It may be mentioned here that there were three different incumbents of both the Chairmanship and Vice-Chairmanship during the year under report.

Branch Committee.—There are no Branch Committees in the district. Village and other roads in the sub-division of Govindpore are under the management and superintendence of the sub-divisional officer, who draws cheques on the sub-divisional treasury against the allotments made in the budget annually.

Working establishment.—The Road Cess Collection office is under the management of a Deputy Collector; his establishment is paid from District Road Funds.

The District Road Account office is under the Vice-Chairman, so also is the District Engineer's office. There is one accountant and a chaprassi in the former. In the latter there is the District Engineer, two sub-overseers, one draftsman, and one clerk. All these may fairly be said to have done their work well during the year.

Works done during the year.—The Purulia-Chaibassa road absorbed Rs. 4,626 in the making of five culverts; and the road is now suitable for wheel traffic for a distance of 36 miles.

A sum of Rs. 4,767 was expended on the Purulia-Manbazar road in the construction of eight culverts of different sizes, and in the construction of an inspection bungalow. Besides these sums, a sum of Rs. 5,969 was spent on repairs and maintenance of these and other district roads.

Village roads.—A sum of Rs. 2,916 was actually expended on village roads during the year.

Works to be carried on during the year 1879-80.—It is proposed to spend a sum of Rs. 5,415 on the completion of the Chaibassa road; and when this is expended that road will be as good a road as it is possible to expect a District Road Committee with limited funds to make and maintain. It is a pity that something cannot be done towards making it passable from the point where it leaves this district to where it joins Singhbhum Proper. This work is in the territories of the Rajah of Saraykela. There will be a saving of about Rs. 2,600 from the budget allotment of this road, and this sum it is proposed to spend on improving the communication between the head-quarters and the sub-division of Govindpore, and between Boghunathpore and Ranigunge, both works of much importance. Allotments have also been made for the proper repair and maintenance of the other roads and village roads.

W. N. CAMPBELL,
Vice-Chairman.

MEMORANDUM No. 10DR.

Copy forwarded to the Commissioner for information with appended statements.

2. I quite endorse what the Vice-Chairman says about the Chaibassa road. The portion lying within this district will soon, it is hoped, be complete throughout (40 miles) and practicable for wheel traffic. But its utility as a through line of communication is seriously diminished so long as any portion of it remains in bad order; and I understand that between the Soobunrekha river and Chaibassa it is very bad indeed in places.

3. When the Chaibassa road is finally complete, as regards original works, funds will be available for other important lines of road, among which the road to Govindpore and that from Roghunathpore towards Ranigunge may be especially mentioned. The Roghunathpore-chas (old Benares) road must also be taken in hand as soon as possible, and that from Purulia through Barrabazar to Koilapal is a line that more than ever requires attention, now that the Moonsif's court has been moved to Barrabazar.

4. The serais along the Grand Trunk road are much in need of repair, and require sheds for sheltering the carter; but no sufficient provision appears to have been made in the budget. A new serai was, however, put up at Nirsha (mud walls only).

5. The money spent on village roads seems to have been well laid out; and in future it may be advisable to spend more money on these lines, which, though unpretending as engineering works, are often of greater use to the country than more highly finished roads. In my opinion much money has been wasted in this district in building large bridges and throwing up high embankments in places where, by following the natural undulations of the country, a cheap road might have been made, quite good enough for all practical purposes.

6. I must not omit to acknowledge the very valuable work done by Mr. Campbell as Vice-Chairman of the Committee.

No. 75DR, dated Ranchi, the 22nd March 1880.

From—J. P. K. HERR, Esq., Commissioner of Chota Nagpore,
To—The Secy. to the Govt. of Bengal, Public Works Department, Calcutta.

By forwarding herewith the accompanying district reports on works of local improvement, together with the accounts received from the several district road committees in this Division for the year ending 30th September last, I have the honor to submit the following remarks.

2. The dates on which the several district reports and accounts were received are given below:—

| | | | |
|------------|-----|-----|---------------------|
| Hazaribagh | ... | ... | 81st December 1879. |
| Lohardugga | ... | ... | 9th March 1880. |
| Manbhoom | ... | ... | 29th January 1880. |
| Singbhoom | ... | ... | 23rd October 1879. |

3. In Singbhoom alone, to which the Road Cess Act has not been extended, an assignment of Rs. 10,000 was made under Government orders No. 1871 of the 16th May 1879. In the remaining districts of the Division, the Road Cess Act was in full force during the year under report, the cess having been levied at the maximum rates in Hazaribagh and Manbhoom and at three-fourth rates in Lohardugga, as in the preceding year.

4. The demands and collections in each of the road cess districts are shown below :—

| | | Demand including arrears. | Collections. | Percentage. |
|---------------|--------|------------------------------|--------------|-------------|
| Hazaribagh— | | | | |
| Cess on lands | | 81,835 | 31,172 | 9.791 |
| „ mines | | | | |
| Lohardugga— | | | | |
| Cess on lands | | 35,052 | 33,017 | 94.19 |
| „ mines | | | | |
| Manbhoom— | | | | |
| Cess on lands | | 43,622 | 34,591 | 79.22 |
| „ mines | | | | |

5. The percentage of collections in Hazaribagh is very satisfactory. In Lohardugga it falls slightly below the mark. The low percentage in Manbhoom is due to the fact of the last instalment falling due just at the close of the year, viz. 28th September last.

6. The collections under the head of house cess as shown in the accounts, are on account of arrears falling due prior to 1st April 1878.

7. *Hazaribagh*.—The total income including the balance of the previous year amounted to Rs. 56,647 of which Rs. 22,518 were expended during the past year, leaving a balance of Rs. 34,129 at its close, exclusive of suspense accounts.

8. The amount allotted for works was Rs. 36,900, viz. Rs. 16,400 for original works and Rs. 20,500 for repairs, but only Rs. 2,366 were expended in the former and Rs. 11,462 in the latter, total Rs. 13,828, leaving a balance of Rs. 23,072 unexpended under the head of works, as under instructions contained in the Government order No. 4,048 of the 26th November 1878, all original works were stopped, and only the repairs absolutely necessary undertaken during the year. The small amount under original works was spent in surveying and levelling chiefly for the purpose of collecting data for waterways to be allowed to bridges and culverts.

9. *Lohardugga*.—The account of this district was opened with a deficit balance of Rs. 872, as shown in paragraph 14 of the last report. The income during the year amounted to Rs. 36,471, from which the amount overdrawn during the previous year being deducted, the net income available would amount to Rs. 35,599, against which there has been an expenditure of Rs. 30,421, the balance at the close of the year being Rs. 5,178 exclusive of suspense accounts.

10. The allotment of works was Rs. 26,219, i.e. Rs. 11,354 for original works and Rs. 14,864 for repairs. The expenditures under these heads were Rs. 10,454 and 12,664 respectively, the unexpended balance under the head of works amounting to Rs. 3,101.

11. Under original works 37 brick and rubble masonry culverts on different roads are reported to have been completed, and two platform bridges arched on the old abutments besides other road work.

12. *Manbhoom*.—The income, including balance of the previous year, amounted to Rs. 34,179, and the expenditure Rs. 31,065, the balance at the close of the year amounting to Rs. 3,114 exclusive of suspense accounts.

13. The budget allotment for original works was Rs. 11,350, and that for repairs Rs. 9,550: total Rs. 20,900. But the expenditures on these heads would appear to be Rs. 16,501 and Rs. 7,084 respectively: total Rs. 23,585, or Rs. 2,685 in excess. Thus it would seem that money has been spent on works without any regard to budget allotments.

14. The original works executed during the year consist of 13 culverts of different sizes on the roads from Purulia to Chaibassa and Manbazar, and on inspection bungalow on the latter.

15. *Singbhoom*.—The account for the year was opened with a balance of Rs. 12,66, as shown in paragraph 17 of the last report, but the amount lapsed on 31st March 1879, and should have been expunged from the account which has not been done. The total income for the year has been shown to be Rs. 23,771, of which Rs. 11,542 were expended during the year, showing balance of Rs. 12,229 at its close.

16. The budget allotment for works amounted to Rs. 13,061, viz. Rs. 7,475 for original works and Rs. 5,586 for repairs. The sums expended on these heads were Rs. 3,280 and Rs. 6,537 respectively, total Rs. 9,817, the balance unexpended being Rs. 3,244.

17. Under original works 19 arched masonry culverts on the Burrakur road are reported to have been completed during the year; 12 of these however, have been paid for.

18. *Village Roads*.—The sum expended on village roads in the several districts of this Division, are given below :—

Hazaribagh.—Rs. 1,483.—On 9 different roads. The works were mostly done towards the end of the previous cess-year, but paid for during the year under report.

Lohardugga.—Rs. 1,637.—Some 12 village tracks are in hand, portions of which have been repaired and improved. It is proposed to carry on the works from year to year until completed.

Manbhoom.—Rs. 2,916.—Of which Rs. 2,104 have been paid during the year.

Singbhoom.—Rs. 255.—On surface repairs of some 25 miles of road.

19. *Trees.*—In Hazaribagh 7,000 young trees have been transplanted along 7 lines of road, besides 700 trees along the Hazaribagh station roads, all being maintained and kept in flourishing state with fences complete.

20. Nothing was done in this respect in the districts of Lohardugga and Manbhoom during the year under report. The Deputy Commissioner of Lohardugga reports that the Government orders on the subject were received after the funds at the Committee's disposal had already been allotted; and as there was no reserve fund from which the cost could be met, the work could not be undertaken.

21. In Singbhoom 5,243 mangoe and jack-trees have been planted along two lines of road (16 miles) with enclosures complete.

22. The following is an abstract of particulars regarding meetings of the district and branch road committees:—

| District. | NUMBER OF MEMBERS FORMING COMMITTEE. | | Number required to form a quorum. | Number of meetings held. | Meeting at which there was no quorum. | Average attendance at meetings. | Number of members who did not attend any meeting. | NUMBER OF MEMBERS WHO ATTENDED ONLY | | | | | | Percentage of average attendance to whole Committee. |
|-----------------------------|--------------------------------------|---------------|-----------------------------------|--------------------------|---------------------------------------|---------------------------------|---|-------------------------------------|---------------|---------------|---------------|-----------------|---------------|--|
| | Official. | Non-official. | | | | | | One meeting. | | Two meetings. | | Three meetings. | | |
| | | | | | | | | Official. | Non-official. | Official. | Non-official. | Official. | Non-official. | |
| Hazaribagh | 7 | 16 | 8 | 4 | 1 | 9 | 7 | 4 | 1 | 5 | 1 | 1 | 1 | 30.1 |
| Lohardugga | 9 | 12 | 5 | 5 | 1 | 8 | 4 | 4 | 3 | 5 | 4 | 3 | 4 | 38.0 |
| Palamow (Branch Committee.) | 4 | 7 | 4 | 6 | ... | 5 | 2 | ... | 2 | 1 | 1 | ... | 1 | 44.5 |
| Manbhoom | 6 | 14 | 6 | 7 | 1 | 11 | 2 | 1 | 2 | 1 | 1 | ... | 1 | 55.0 |
| Singbhoom | 4 | 12 | 5 | 3 | 1 | 6 | 6 | 4 | 1 | 1 | 1 | ... | ... | 62 |

23. It will be seen that there is some improvement in the attendance of members in Lohardugga, Manbhoom and Singbhoom as compared with the figures of the previous year as shown below:—

| | 1877-78. | 1878-79. |
|------------|----------|----------|
| Lohardugga | 6 | 8 |
| Manbhoom | 8 | 11 |
| Singbhoom | 5 | 6 |

24. In Hazaribagh and Palamow the attendance was not so satisfactory as in the previous year:—

| | 1877-78. | 1878-79. |
|------------|----------|----------|
| Hazaribagh | 12 | 9 |
| Palamow | 7 | 5 |

25. In Hazaribagh the non-official members are reported to have taken an average interest in the discharge of the duties entrusted to them.

26. In Manbhoom they did fair work, but difficulty is said to have been experienced in Singbhoom in getting sufficient number of members to form a quorum. In the Lohardugga report no opinion is given on this point.

27. The different establishments are on the whole reported to have done their work well during the year under report. The Deputy Commissioner of Lohardugga, however, has omitted to report how the establishment under the Palamow branch committee did their work during the past year.

28. A further report has been called for from Lohardugga on the above points, and will be submitted to Government when received.
